

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Scheyer  
DOCKET NO.: 16-21176.001-R-1  
PARCEL NO.: 04-01-401-064-0000

The parties of record before the Property Tax Appeal Board are Steven Scheyer, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$43,571  
**IMPR.:** \$93,269  
**TOTAL:** \$136,840

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 1-story frame dwelling containing 4,972 square feet of living area. The dwelling is 70 years old and features a partial basement with finished area, central air conditioning, 2 fireplaces and a 2-car garage. The subject is located in Glencoe, New Trier Township, Cook County. It is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four, 1-story, class 2-04 comparables having the same neighborhood code as the subject. The comparables range in size from 2,977 to 3,823 square feet of living area and range in age from 57 to 63 years old. The comparables feature basements, one with finished area, central air conditioning, one fireplace each and 2-car garages. The comparables have improvement assessments ranging from \$45,868 to \$62,549 or from

\$15.36 to \$16.36 per square foot of living area. The appellant's attorney submitted a brief requesting the subject's total assessment be reduced to \$122,327. Based on this evidence the appellant requested the subject's improvement assessment be reduced to \$78,750 or \$15.84 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$136,840. The subject property has an improvement assessment of \$93,269 or \$18.76 per square foot of living area.

In support of the assessment the board of review submitted information on four, 1 or 1.5-story, class 2-04 comparables having the same neighborhood code as the subject and located within a quarter-mile of the subject. The comparables range in size from 1,943 to 2,821 square feet of living area and range in age from 52 to 62 years old. Three comparables have basements, two with finished areas, and one comparable is on a slab foundation. The comparables have central air conditioning, 1 fireplace each and 2-car garages. The comparables have improvement assessments ranging from \$40,088 to \$58,517 or from \$20.00 to \$24.50 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. The Board finds both parties' comparables are significantly smaller than the subject. However, the Board shall make a determination of the subject's correct assessment, regardless of the quality of the evidence. The Board finds both parties submitted comparables that have improvement assessments ranging from \$40,088 to \$62,549 or from \$15.36 to \$24.50 per square foot of living area. The subject's improvement assessment of \$93,269 or \$18.76 per square foot of living area falls within the range established by the comparables in the record on a per square foot basis. After considering adjustments to these comparables for differences to the subject, the Board finds the subject's assessment is supported. Thus, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
