

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Githesh Ramamurthy  
DOCKET NO.: 16-21182.001-R-1  
PARCEL NO.: 05-20-407-048-0000

The parties of record before the Property Tax Appeal Board are Githesh Ramamurthy, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$63,484  
**IMPR.:** \$253,402  
**TOTAL:** \$316,886

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 7,453 square feet of living area. The dwelling is 10 years old. Features of the home include a full unfinished basement, central air conditioning, three fireplaces, and a three-car garage. The property has a 45,346 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables were improved with class 2-09 dwellings of masonry or frame and masonry exterior construction containing from 6,104 to 11,744 square feet of living area. The dwellings range in

age from 16 to 22 years old, have full basements with one having a finished area, central air conditioning, two or three fireplaces, and either a three-car or a four-car garage. The comparables have improvement assessments ranging from \$185,994 to \$315,678 or from \$26.88 to \$30.47 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$213,230 or \$28.61 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$316,886. The subject property has an improvement assessment of \$253,402 or \$34.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-09 dwellings of frame, masonry, or frame and masonry exterior construction containing from 5,532 to 7,692 square feet of living area. The dwellings range in age from 7 to 22 years old, have full basements with three having finished areas, central air conditioning, two to five fireplaces, and either a three-car or a four-car garage. The comparables have improvement assessments ranging from \$200,550 to \$271,297 or from \$35.00 to \$38.50 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to be the appellant's comparables #1 and #3 along with the board of review comparables #1, #3 and #4 due to significant differences in their dwelling sizes when compared to the subject's dwelling size.

The Board finds the best evidence of assessment equity to be the remaining comparables #2 because they are closer in dwelling size to the subject and most similar to the subject in location, design, age, and some features. These two comparables have improvement assessments of \$231,040 and \$271,297 or \$28.49 and \$35.27 per square foot of living area. The subject's improvement assessment of \$253,402 or \$34.00 per square foot of living area falls between the two best comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex

Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
