

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Ferguson
DOCKET NO.: 16-21186.001-R-1
PARCEL NO.: 05-28-112-039-0000

The parties of record before the Property Tax Appeal Board are James Ferguson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,060
IMPR.: \$81,742
TOTAL: \$93,802

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 78-year old, two-story, single-family dwelling of frame and masonry construction with 3,354 square feet of living area. Features of the home include central air conditioning, two fireplaces and a two-car garage. The subject contains a land size of 6,700 square feet and is located in New Trier Township, Cook County. The subject is classified as a class 2, residential property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables. They are improved with a two-story, frame or frame and masonry, single-family dwelling. The improvements range: in age from 76 to 103 years; in size from 3,400 to 3,553 square feet of living area; and in

improvement assessments from \$22.53 to \$23.46 per square foot. Amenities include: a full basement, central air conditioning, and a two-car garage.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$100,216. The subject property has an improvement assessment of \$88,156 or \$26.28 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables. They are improved with a two-story, frame and masonry, single-family dwelling located on the same block as the subject. The improvements range: in age from 75 to 86 years; in size from 2,538 to 2,815 square feet of living area; and in improvement assessments from \$26.83 to \$32.36 per square foot. Amenities include central air conditioning, from one to two fireplaces, and from a one-car to a two-car garage.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did meet* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables #1, #2, and #3*. These comparables had improvement assessments that ranged from \$22.53 to \$23.46 per square foot of living area. The subject's improvement assessment of \$26.28 per square foot of living area falls above the range established by the best comparables in this record. The Board accorded the remaining properties diminished weight due to a disparity in improvement size.

Based on this record, the Board finds the appellant *did* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
