

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Silverman  
DOCKET NO.: 16-21190.001-R-1  
PARCEL NO.: 05-08-101-003-0000

The parties of record before the Property Tax Appeal Board are Mark Silverman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$37,488  
**IMPR.:** \$205,480  
**TOTAL:** \$242,968

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story masonry dwelling containing 5,137 square feet of living area. The dwelling is 10 years old and features a full finished basement, central air conditioning, 3 fireplaces and a 2½-car garage. The subject is located in Glencoe, New Trier Township, Cook County. It is classified as a Class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three, 2-story, Class 2-09 comparables. The appellant did not report the proximity of the comparables to the subject but disclosed they have the same neighborhood code as the subject. The comparables range in age from 1 to 28 years old and range in size from 5,459 to 7,304 square feet of living area. The comparables feature finished basements, central air conditioning and 2, 3½ or 4-car garages. Two comparables have

2 or 3 fireplaces. The comparables have improvement assessments ranging from \$188,788 to \$245,574 or from \$33.62 to \$36.83 per square foot of living area. The appellant's attorney submitted a brief requesting the subject's total assessment be reduced to \$216,204. Based on this evidence the appellant requested the subject's improvement assessment be reduced to \$178,716 or \$34.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$258,379. The subject property has an improvement assessment of \$220,891 or \$43.00 per square foot of living area.

In support of the assessment the board of review submitted information on three, 2-story, Class 2-09 comparables having the same neighborhood code as the subject. One comparable is located within a quarter-mile of the subject. The comparables range in age from 7 to 9 years old and range in size from 5,223 to 5,499 square feet of living area. They feature finished basements, central air conditioning, 2 or 3 fireplaces and 3-car garages. The comparables have improvement assessments ranging from \$206,593 to \$212,150 or from \$37.57 to \$40.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of six comparables for the Board's consideration. The Board gives less weight to appellant's comparable #1 due to its older dwelling when compared to the subject. The Board also gives less weight to appellant's comparable #3 due to its larger dwelling size when compared to the subject. The Board gives more weight to appellant's comparable #2 and to the board of review comparables which have varying degrees of similarity to the subject in location, age, style, dwelling size and features. These comparables have improvement assessments ranging from \$201,033 to \$212,150 or from \$36.83 to \$40.43 per square foot of living area. The subject property has an improvement assessment of \$220,891 or \$43.00 per square foot of living area which is above the range established by the most similar comparables in the record on an overall basis as well as a per square foot basis. After considering adjustments to the comparables for differences to the subject, the Board finds the appellant has demonstrated with clear and convincing evidence that the subject is inequitably assessed and a reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
