

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Glenn Lefkovitz  
DOCKET NO.: 16-21198.001-R-1  
PARCEL NO.: 05-17-102-009-0000

The parties of record before the Property Tax Appeal Board are Glenn Lefkovitz, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$69,120  
**IMPR.:** \$188,774  
**TOTAL:** \$257,894

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story frame and masonry dwelling containing 6,134 square feet of living area. The dwelling is 22 years old and features a partial unfinished basement, central air conditioning, 4 fireplaces and a 3½-car garage. The subject is located in Winnetka, New Trier Township, Cook County.<sup>1</sup> It is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three two-story class 2-09 comparables having the same neighborhood code as the subject. They range in size from 5,209 to 6,823 square feet of living area and range in age from 13 to 68 years old. The comparables have basements, one

with finished area, central air conditioning, 1 or 3 fireplaces and 2, 2½ or 3-car garages. The comparables have improvement assessments ranging from \$117,895 to \$162,680 or \$22.63 and \$25.71 per square foot of living area. The appellant's attorney submitted a brief requesting the subject's total assessment be reduced to \$214,250. Based on this evidence the appellant requested the subject's improvement assessment be reduced to \$145,130 or \$23.66 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$257,894. The subject property has an improvement assessment of \$188,774 or \$30.78 per square foot of living area.

In support of the assessment the board of review submitted information on three two-story class 2-09 comparables having the same neighborhood code as the subject. The comparables are 13 or 19 years old and range in size from 5,787 to 6,357 square feet of living area. The comparables feature basements, two with finished area, central air conditioning, 1 to 4 fireplaces and 3 or 4-car garages. The comparables have improvement assessments ranging from \$182,291 to \$210,022 or from \$31.50 to \$33.04 per square foot of living area. The board of review also disclosed the subject sold in May 2016 for \$2,640,000. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 due to their older dwellings as compared to the subject's dwelling. The Board gives more weight to appellant's comparable #3 and to the board of review comparables which have varying degrees of similarity to the subject in location, age, style, dwelling size and features. These comparables have improvement assessments ranging from \$162,680 to \$210,022 or from \$25.71 to \$33.04 per square foot of living area. The subject property has an improvement assessment of \$188,774 or \$30.78 per square foot of living area which is within the range established by the most similar comparables in the record. Based on this evidence the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

The Board further finds the subject's total assessment of \$257,894, which reflects a market value of \$2,578,940 using the Cook County Real Property Assessment Classification Ordinance level of assessment for Class 2 property of 10%, is supported by the sale of the subject for \$2,640,000 on May 1, 2016, four months after the subject's assessment date of January 1, 2016.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
