

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hyung Shik Kang
DOCKET NO.: 16-21222.001-R-1
PARCEL NO.: 05-30-202-066-0000

The parties of record before the Property Tax Appeal Board are Hyung Shik Kang, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$58,001
IMPR.: \$129,240
TOTAL: \$187,241

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story masonry dwelling containing 5,916 square feet of living area. The dwelling is 50 years old and features a full finished basement, central air conditioning, 5 fireplaces and a 2-car garage. The subject is located in Winnetka, New Trier Township, Cook County. It is classified as a Class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three, 2-story, Class 2-09 comparables. The appellant did not report the proximity of the comparables to the subject but disclosed they have the same neighborhood code as the subject. The comparables range in age from 51 to 89 years old and range in size from 7,291 to 7,721 square feet of living area. The comparables feature basements, one with finished area, central air conditioning, 2 or 3 fireplaces each and 2, 2½ or

3½-car garages. The comparables have improvement assessments ranging from \$144,936 to \$156,147 or from \$19.69 to \$20.80 per square foot of living area. The appellant's attorney submitted a brief requesting the subject's total assessment be reduced to \$177,741. Based on this evidence the appellant requested the subject's improvement assessment be reduced to \$119,740 or \$20.24 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$187,241. The subject property has an improvement assessment of \$129,240 or \$21.85 per square foot of living area.

In support of the assessment the board of review submitted information on three, 2-story, Class 2-09 comparables having the same neighborhood code as the subject. One is on the same street and same block as the subject. The comparables range in age from 20 to 61 years old and range in size from 5,234 to 8,088 square feet of living area. They feature basements, one with finished area, central air conditioning, 2 or 3 fireplaces each and 2, 2½ or 4-car garages. Board of review comparable #2 is the same property as appellant's comparable #3. The comparables have improvement assessments ranging from \$114,341 to \$165,252 or from \$20.43 to \$21.85 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of five comparables for the Board's consideration as one comparable was submitted by both parties. The Board gives less weight to the appellant's comparables #1 and #2 and board of review comparable #3 due to their dissimilar age dwellings when compared to the subject. The Board also gives less weight to appellant's comparable #2 and board of review comparable #3 due to their larger dwelling sizes when compared to the subject. The Board gives more weight to board of review comparables #1 and #2 and appellant's comparable #3 which have varying degrees of similarity to the subject in location, age, style, dwelling size and features. These comparables have improvement assessments of \$114,341 and \$151,619 or \$20.80 and \$21.85 per square foot of living area. The subject property has an improvement assessment of \$129,240 or \$21.85 per square foot of living area which is supported by the improvement assessments of the most similar comparables in this record. After considering adjustments to these comparables for differences to the subject, the Board finds the subject's assessment is supported. Thus, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
