Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two parcels, 05-17-107-038-0000 and 05-17-107-050-0000. One parcel (107-050) is improved with a 2-story frame dwelling containing 2,826 square feet of living area. The dwelling is 99 years old and features a full unfinished basement, a fireplace and a 2-car garage. The subject is located in Winnetka, New Trier Township, Cook County. It is classified as a Class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three, 2-story, Class 2-06 comparables. The appellant did not report the proximity of the comparables to the subject but disclosed they have the same neighborhood code as the subject. The comparables range in age from 94 to 123 years old and range in size from 3,217 to 3,300 square feet of living area. The comparables feature

unfinished basements and 1 or 2-car garages. Two comparables feature 1 or 2 fireplaces and two have central air conditioning. The comparables have improvement assessments ranging from \$78,200 to \$82,975 or from \$24.14 to \$25.30 per square foot of living area. The appellant's attorney submitted an Addendum to Petition disclosing the board of review assessments for each parcel. Parcel 107-050 has a land assessment of \$11,115 and an improvement assessment of \$80,682. Parcel 107-038 has a land assessment of \$14,332 and an improvement assessment of \$0. The appellant's attorney also submitted a brief requesting the subject's total combined assessment for both parcels be reduced to \$81,369. Based on this evidence the appellant requested the subject's improvement assessment for parcel 107-050 be reduced to \$55,922 or \$19.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for parcel 05-17-107-050-0000 of \$91,797. That parcel's improvement assessment is \$80,682 or \$28.55 per square foot of living area. The board of review presented no evidence on parcel 05-17-107-038-0000.

In support of the assessment the board of review submitted information on four, 2-story, Class 2-06 comparables having the same neighborhood code as the subject. One comparable is located on the same street and same block as the subject. The comparables range in age from 94 to 103 years old and range in size from 2,538 to 2,834 square feet of living area. They feature basements, two with finished areas and 1 or 2 fireplaces. Two comparables have central air conditioning and three have 1 or 2-car garages. The comparables have improvement assessments ranging from \$76,325 to \$84,027 or from \$28.55 to \$33.11 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Initially the Board finds only parcel 05-17-107-050-0000 has an improvement so only that parcel will be analyzed for equity. The parties submitted a total of seven comparables for the Board's consideration. The Board gives equal weight to both parties' comparables which have varying degrees of similarity to the subject in location, age, style, dwelling size and features. These comparables have improvement assessments ranging from \$76,325 to \$84,027 or from \$24.14 to \$33.11 per square foot of living area. The subject property has an improvement assessment of \$80,682 or \$28.55 per square foot of living area which is within the range established by the comparables in the record. After considering adjustments to the comparables for differences to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
