

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mohanbir Sawhney
DOCKET NO.: 16-21351.001-R-1
PARCEL NO.: 10-13-225-016-0000

The parties of record before the Property Tax Appeal Board are Mohanbir Sawhney, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,720
IMPR.: \$92,654
TOTAL: \$111,374

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story stucco dwelling containing 6,136 square feet of living area. The dwelling is 118 years old on a slab foundation. It features 4 fireplaces. The subject is located in Evanston, Evanston Township, Cook County. The subject property is classified as a Class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three, 2-story, Class 2-09 dwellings. The comparables have the same neighborhood code as the subject. The comparables range in size from 6,710 to 7,582 square feet of living area and range in age from 111 to 145 years old. The comparables have full unfinished basements and 2 or 2½-car garages. Two comparables have 4 fireplaces. The comparables have improvement assessments ranging from \$100,386 to \$115,563

or from \$14.96 to \$15.24 per square foot of living area. The appellant's attorney submitted a brief requesting the subject's total assessment be reduced to \$111,374. Based on this evidence the appellant requested the subject's improvement assessment be reduced to \$92,654 or \$15.10 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$139,251. The subject property has an improvement assessment of \$120,531 or \$19.64 per square foot of living area.

In support of the subject's assessment, the board of review submitted information on four, 2-story, Class 2-09 dwellings. The comparables have the same neighborhood code as the subject with one comparable located in the same tax block as the subject. The dwellings range in age from 106 or 128 years old and range in size from 5,029 to 6,101 square feet of living area. The comparables have full basements, one with finished area, central air conditioning, and 3 or 4 fireplaces. Three comparables have 2 or 2½-car garages. The comparables have improvement assessments ranging from \$90,164 to \$109,909 or from \$17.65 to \$18.98 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of seven comparables for the Board's consideration. The Board gives equal weight to both parties' comparables which have varying degrees of similarity to the subject in location, age, style, dwelling size and features. The comparables have improvement assessments ranging from \$90,164 to \$115,563 or from \$14.96 to \$18.98 per square foot of living area. The subject property has an improvement assessment of \$120,531 or \$19.64 per square foot of living area which is greater than the comparables in the record on both an overall basis as well as a per square foot basis. After considering adjustments to these comparables for differences to the subject, the Board finds the subject's assessment is not supported by the improvement assessments of the comparables in this record. Thus, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
