

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anthony Scattone  
DOCKET NO.: 16-21379.001-R-1  
PARCEL NO.: 05-27-316-002-0000

The parties of record before the Property Tax Appeal Board are Anthony Scattone, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,000  
**IMPR.:** \$131,421  
**TOTAL:** \$145,421

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 3,288 square feet of living area. The dwelling is approximately four years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a one-car detached garage. The property has a 7,000 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same neighborhood assessment code as the subject property. The comparables are improved with two-story dwellings of frame and masonry or masonry exterior construction that range in age from 17 to 23 years old. Each comparable has central air conditioning, a basement, either

full or partial and one or two fireplaces. Two of the comparables have a two-car detached garage. The dwellings range in size from 3,635 to 3,738 square feet of living area and have improvement assessments ranging from \$122,399 to \$132,884 or from \$33.67 to \$35.55 per square foot of living area. The appellant requested the improvement assessment be reduced to \$113,535 or \$34.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$145,421. The subject property has an improvement assessment of \$131,421 or \$39.97 per square foot of living area. The board of review submission disclosed it had reduced the subject's improvement assessment from \$174,025 to \$145,421. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with different neighborhood assessment codes than the subject property. The comparables are improved with two-story dwellings of frame exterior construction that are four years old. Each comparable has a full finished basement, central air conditioning, one or two fireplaces and a two-car garage. The dwellings range in size from 3,145 to 3,272 square feet of living area and have improvement assessments ranging from \$132,226 to \$145,748 or from \$40.49 to \$45.53 per square foot of living area. As part of its submission, the board of review also made reference to the July 2015 sale of the subject property for a price of \$1,740,000 or for \$529.20 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of seven suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant comparables due to their larger dwelling size and older age when compared to the subject property. The Board finds the board of review comparables are identical to the subject in age, design, exterior construction and more similar when compared to the subject in dwelling size and other features. These comparables had improvement assessments ranging from \$40.49 to \$45.53 per square foot of living area. The subject's improvement assessment of \$39.97 per square foot of living area falls below the range established by the best comparables contained in this record and appears to be reasonable with the subject's unfinished basement. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
