

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Embree  
DOCKET NO.: 16-21386.001-R-1  
PARCEL NO.: 05-16-101-025-0000

The parties of record before the Property Tax Appeal Board are Paul Embree, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$42,650  
**IMPR.:** \$222,183  
**TOTAL:** \$264,833

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 5,697 square feet of living area. The dwelling is approximately seven years old. Features of the home include a partial finished basement, central air conditioning, two fireplaces and a three-car garage. The property has a 21,872 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same neighborhood assessment code as the subject property. The comparables are improved with two-story dwellings of frame, masonry or frame and masonry exterior construction that range in age from 9 to 27 years old. The comparables have two fireplaces and garages ranging

from 2-car to 3.5-car. The comparables have a partial or full finished basement or a full unfinished basement. Two of the comparables have central air conditioning. The dwellings range in size from 5,213 to 5,733 square feet of living area and have improvement assessments ranging from \$191,207 to \$202,183 or \$34.56 to \$36.68 per square foot of living area. The appellant requested the improvement assessment be reduced to \$203,497 or \$35.72 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$264,833. The subject property has an improvement assessment of \$222,183 or \$39.00 per square foot of living area. The board of review submission disclosed it had reduced the subject's improvement assessment from \$291,246 to \$222,183. In support of its contention of the correct assessment the board of review submitted information on one equity comparable located within the same neighborhood assessment code as the subject property. The comparable is improved with a two-story dwelling of masonry exterior construction that is 7 years old. The comparable has a full finished basement, central air conditioning, four fireplaces and a 3-car garage. The dwelling contains 5,125 square feet of living area and has an improvement assessment of \$268,223 or \$52.34 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of four suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #2 due to their older age when compared to the subject property. The Board finds the appellant's comparable #3 and the board of review comparable are more similar when compared to the subject in location, age, dwelling size, design and other features. These comparables had improvement assessments of \$36.68 or \$52.34 per square foot of living area. The subject's improvement assessment of \$39.00 per square foot of living area falls between the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
