

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Leitschuh
DOCKET NO.: 16-21387.001-R-1
PARCEL NO.: 05-35-410-013-0000

The parties of record before the Property Tax Appeal Board are David Leitschuh, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,850
IMPR.: \$50,362
TOTAL: \$68,212

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 1,851 square feet of living area. The dwelling is approximately 59 years old. Features of the home include a partial finished basement, central air conditioning, a fireplace and a 2-car garage. The property has an 11,900 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same neighborhood assessment code as the subject property. The comparables are improved with one, 1-story and two, 2-story dwellings of frame or masonry exterior construction that are 60 or 89 years old. Each comparable has central air conditioning, one fireplace and a 1-car or 2-

car garage. The comparables have a crawl-space foundation, a partial finished or full unfinished basement. The dwellings range in size from 1,850 to 2,170 square feet of living area and have improvement assessments ranging from \$41,514 to \$45,038 or from \$20.68 to \$22.44 per square foot of living area. The appellant requested the improvement assessment be reduced to \$40,074 or \$21.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,212. The subject property has an improvement assessment of \$50,362 or \$27.21 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same neighborhood assessment code as the subject property. The comparables are improved with 1-story dwellings of frame and masonry or masonry exterior construction that range in age from 39 to 63 years old. Each comparable has central air conditioning, a fireplace and a 2-car or 2.5-car garage. The comparables have a crawl-space foundation, a partial finished or full finished basement. The dwellings range in size from 1,928 to 2,717 square feet of living area and have improvement assessments ranging from \$46,850 to \$66,188 or from \$24.30 to \$27.03 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of seven suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #3 due to their older age or dissimilar dwelling design when compared to the subject property. The Board also gave less weight to the board of review comparable #4 due to its larger dwelling size or newer age when compared to the subject property. The Board finds the appellant's comparable #1 and the three remaining board of review comparables are more similar when compared to the subject in location, age, dwelling size, design and other features. These comparables had improvement assessments ranging from \$20.68 to \$27.03 per square foot of living area. The subject's improvement assessment of \$27.21 per square foot of living area falls slightly above the range established by the best comparables contained in this record. This higher assessment is justified given the subject's superior finished basement when compared to the crawl-space foundation of board of review comparable #1. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
