

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eileen Hutchinson
DOCKET NO.: 16-21436.001-R-1
PARCEL NO.: 05-34-208-020-0000

The parties of record before the Property Tax Appeal Board are Eileen Hutchinson, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,635
IMPR.: \$63,353
TOTAL: \$75,988

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a 118 year-old, two-story dwelling of stucco construction containing 2,240 square feet of living area. Features of the dwelling include a full unfinished basement and a one-car garage. The property has a 6,650 square foot site located in Wilmette, New Trier Township, Cook County. The subject is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted descriptive and assessment information on four suggested equity comparable properties on the Assessment Grid Analysis. These properties ranged from 2,240 to 4,260 square feet of living area, or from \$19.28 to \$25.40 per square foot. The appellant also submitted a spreadsheet citing those four comparable properties and two additional ones as

additional evidence. The spreadsheet disclosed limited information on key property characteristics for each of the six cited properties. The additional two properties ranged from 2,335 to 2,418 square feet of living area, or from \$25.45 to \$26.85 per square foot.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$75,988. The subject property has an improvement assessment of \$63,353, or \$28.28 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparable properties. The properties ranged from 2,359 to 2,654 square feet of living area, or from \$28.06 to \$29.99 per square foot.

At hearing, the appellant testified that she preferred not to rely on the two additional comparable properties in the spreadsheet. Instead, the appellant preferred to rely only on the four equity comparable properties cited in the Grid Analysis. The appellant reiterated the argument for an assessment reduction.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable(s) #3 and #4, and the board of review's comparable(s) #1. These comparable properties were most similar with the subject and had improvement assessments that ranged from \$25.22 to \$28.29 per square foot of living area. The subject's improvement assessment of \$28.28 per square foot of living area falls within the range established by the best comparable properties in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
