

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Beverly Kline
DOCKET NO.: 16-21531.001-R-1
PARCEL NO.: 23-02-117-037-0000

The parties of record before the Property Tax Appeal Board are Beverly Kline, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,575
IMPR.: \$11,437
TOTAL: \$16,012

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry construction. The dwelling is 49 years old and has 1,060 square feet of living area. Features of the home include a partial finished basement, central air conditioning and a two-car garage. The property has a 10,167 square-foot site and is located in Hickory Hills, Palos Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment is not being contested in this appeal. In support of the inequity argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with one-story dwellings of frame or frame and masonry construction. The dwellings are either 49 or 51 years old and

contain from 1,092 to 1,236 square feet of living area. Each comparable has a basement; two comparables have central air conditioning; and one has a fireplace. Information regarding garages was not provided on the appellant's grid analysis; however, the appellant's photographic evidence revealed that each comparable has a garage. The appellant also submitted a map which revealed that only two of the comparables were located near the subject property. The comparables have improvement assessments ranging from \$7,952 to \$10,852 or from \$6.63 to \$8.78 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$8,575 or \$8.09 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$16,012 was disclosed. The subject property has an improvement assessment of \$11,437 or \$10.79 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties. The comparables have the same neighborhood and classification codes as the subject and were described as being located either on the same block or one-quarter mile from the subject property. The comparables are improved with one-story dwellings of frame or frame and masonry construction. The dwellings are 48 years old and contain from 1,008 to 1,126 square feet of living area. The comparables have finished basements, either full or partial; three comparables have central air conditioning; and each has a garage, either one-car or two-car. The board of review's comparable properties have improvement assessments ranging from \$12,562 to \$14,858 or from \$11.75 to \$13.61 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds that all of the comparables were one-story dwellings that were also similar to the subject in age, living area and foundation. However, the Board finds the appellant's map disclosed that comparables #1 and #3 were not located near the subject. As a result, these comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4 and the comparables submitted by the board of review. The Board finds these comparables were located near the subject and were also similar in story height, age, living area and foundation. These six comparables had improvement assessments that ranged from \$8,747 to \$14,858 or from \$8.01 to \$13.61 per square foot of living area. The subject's improvement assessment of \$11,437 or \$10.79 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
