

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John O'Bryan
DOCKET NO.: 16-21569.001-R-1
PARCEL NO.: 05-07-419-030-0000

The parties of record before the Property Tax Appeal Board are John O'Bryan, the appellant, by attorney Jerrold H. Mayster, of Mayster & Chaimson, Ltd in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,536
IMPR.: \$97,130
TOTAL: \$116,666

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,836 square feet of living area. The dwelling is approximately 89 years old. Features include a partial unfinished basement, central air conditioning, two fireplaces and a 1.5-car garage. The property has a 12,210 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same neighborhood assessment code as the subject property. The comparables are improved with two-story dwellings of frame, stucco or masonry exterior construction that range in age from 75 to 91 years old. The dwellings have partial or full unfinished basements, a fireplace and

2-car garages. Two of the comparables have central air conditioning. The dwellings range in size from 3,510 to 4,222 square feet of living area and have improvement assessments ranging from \$79,753 to \$99,154 or from \$22.72 to \$23.61 per square foot of living area. The appellant requested the improvement assessment be reduced to \$89,502 or \$23.33 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$116,666. The subject property has an improvement assessment of \$97,130 or \$25.32 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables¹ located within the same different neighborhood assessment code as the subject property. The comparables are improved with two-story dwellings of frame, frame and masonry or masonry exterior construction that range in age from 77 to 103 years old. The comparables have partial or full basements, with one having finished area, central air conditioning, one or two fireplaces and 2-car garages. The dwellings range in size from 3,516 to 3,980 square feet of living area and have improvement assessments ranging from \$93,585 to \$121,419 or from \$25.58 to \$30.51 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of eight suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #1 due to its newer age when compared to the subject property. The Board also gave less weight to board of review comparables #1 and #4 due to their newer or older age when compared to the subject property. The Board finds the three remaining appellant comparables and board of review comparables #2 and #3 are more similar when compared to the subject in location, age, dwelling size, design and other features. These comparables had improvement assessments ranging from \$22.72 to \$27.21 per square foot of living area. The subject's improvement assessment of \$25.32 falls within the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ The board of review included sales information for three comparables in the grid analysis which will not be further addressed on this record as the Board finds sales data is not responsive to the appellant's equity argument.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
