

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Janice Moore
DOCKET NO.: 16-21698.001-R-1
PARCEL NO.: 05-08-306-003-0000

The parties of record before the Property Tax Appeal Board are Janice Moore, the appellant, by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,236
IMPR.: \$148,770
TOTAL: \$183,006

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 4,459 square feet of living area. The dwelling is approximately 7 years old. Features of the home include a full finished basement, central air conditioning, four fireplaces and a two-car garage. The property has a 19,020 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same neighborhood assessment code as the subject property. The comparables are improved with two-story dwellings of masonry exterior construction that are 7 or 10 years old. The comparables have full basements, three of which are finished, central air conditioning and a 2-car

or 3-car garage. Three of the comparables have one or four fireplaces. The dwellings range in size from 4,733 to 4,779 square feet of living area and have improvement assessments ranging from \$136,374 to \$144,945 or from \$28.67 to \$30.60 per square foot of living area. The appellant requested the improvement assessment be reduced to \$131,407 or \$29.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$183,006. The subject property has an improvement assessment of \$148,770 or \$33.36 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same neighborhood assessment code as the subject property. The comparables are improved with two-story dwellings of masonry exterior construction that are 9 or 10 years old. The comparables have full finished basements, central air conditioning, from two to five fireplaces and 2-car or 3-car garages. The dwellings range in size from 4,086 to 4,290 square feet of living area and have improvement assessments ranging from \$148,563 to \$173,491 or from \$36.00 to \$41.46 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of eight suggested equity comparables for the Board's consideration. The Board finds the appellant's comparables and the board of review comparables are similar when compared to the subject in location, age, dwelling size, design, exterior construction and other features. These comparables had improvement assessments ranging from \$28.67 to \$41.46 per square foot of living area. The subject's improvement assessment of \$33.36 per square foot of living area falls within the range established by the comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
