

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sandra Levin
DOCKET NO.: 16-21884.001-R-1
PARCEL NO.: 05-17-203-021-0000

The parties of record before the Property Tax Appeal Board are Sandra Levin, the appellant, by attorney David R. Bass, of Field and Goldberg, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$259,894
IMPR.: \$245,384
TOTAL: \$505,278

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 6,632 square feet of living area. The dwelling is approximately 17 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 3-car garage. The property has a 59,067 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located from .77 to 1.95 miles from the subject property. The comparables are improved with 2-story dwellings of frame, masonry or frame and masonry exterior construction that range in age from 7 to 41 years old. The comparables have partial or full basements, four of which have finished area, central air

conditioning, from one to four fireplaces and from 3-car to 4-car garages. The dwellings range in size from 6,040 to 8,906 square feet of living area and have improvement assessments ranging from \$119,642 to \$296,836 or from \$19.18 to \$36.26 per square foot of living area. The appellant requested the improvement assessment be reduced to \$204,326 or \$30.81 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$563,720. The subject property has an improvement assessment of \$303,826 or \$45.81 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same neighborhood assessment code as the subject property. The comparables are improved with 2-story dwellings of masonry or frame and masonry exterior construction that range in age from 4 to 59 years old. The comparables have central air conditioning, from two to four fireplaces and from 2.5-car to 4-car garages. Two of the comparables have full finished basements. The dwellings range in size from 6,110 to 8,673 square feet of living area and have improvement assessments ranging from \$212,629 to \$440,677 or \$34.80 and \$50.81 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted information on a total of eight suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #2 due to their larger dwelling sizes when compared to the subject property. Less weight was also given to appellant comparables #4 and #5 due to their distant location when compared to the subject property. Furthermore, the Board gave less weight to the board of review's comparables #1 and #3 due to their larger dwelling size or older age when compared to the subject property. The Board finds the appellant's comparable #3 and the board of review comparable #2 were more similar to the subject in age, location, dwelling size, design and other/or features. These comparables had improvement assessments of \$218,161 and \$254,873 or \$34.80 and \$36.26 per square foot of living area, respectively. The subject's improvement assessment of \$45.81 per square foot of living area falls above the best two comparables contained in this record. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
