

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Milad Saad
DOCKET NO.: 16-22105.001-R-1
PARCEL NO.: 01-13-206-002-0000

The parties of record before the Property Tax Appeal Board are Milad Saad, the appellant, by attorney Adam Rogozinsky, of Worsek & Vihon in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,587
IMPR.: \$73,213
TOTAL: \$85,800

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame exterior construction with 5,130 square feet of living area. The dwelling is approximately 26 years old. Features of the home include a finished basement, central air conditioning, three fireplaces and a 3-car garage.¹ The property has 1.15-acre site and is located in Inverness, Barrington Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$858,000

¹ The appellant's appraisal reported 5,130 square feet of living area, three fireplaces and a 3-car garage, although the assessing officials reported 6,445 square feet of living area, two fireplaces and a 2-car garage. The Property Tax Appeal Board finds the appraiser inspected the subject property and submitted a sketch of the dwelling, measurements and calculations. The Board finds the best evidence of size was reported by the appellant's appraiser.

as of December 1, 2015. The appraisal was prepared by Robert Jewell, a certified residential real estate appraiser. In estimating the market value of the subject property, the appraiser developed the sales comparison approach and cost approach to value. The appraiser reported the subject property was previously purchased in December 2013 for a price of \$675,000.

Under the sales comparison approach, the appraiser analyzed four comparable sales and two active listings located from .09 to 1.67 miles from the subject property. The comparables consist of 2-story dwellings that range in age from 16 to 29 years old. The dwellings have basements, five of which have finished area, central air conditioning, from one to three fireplaces and 3-car garages. The dwellings range in size from 3,736 to 5,146 square feet of living area and are situated on sites ranging in size from 40,198 square feet of land area to 1.27 acres. Four of the comparables sold from May to October 2015 for prices ranging from \$650,000 to \$1,000,000 or from \$171.01 to \$211.06 per square foot of living area including land. Comparable sales #5 and #6 are listed for \$849,000 and \$895,000 or \$195.07 and \$202.14 per square foot of living area including land, respectively. The appraiser made adjustments to each comparable for differences from the subject property to arrive at adjusted prices ranging from \$784,700 to \$901,300.

Using the cost approach to value, the appraiser estimated the subject's land value at \$300,000. The appraiser then calculated a replacement cost of \$1,006,450. The appraiser estimated physical depreciation of \$419,690 for a depreciated improvement value of \$586,760 with an "as is" value of site improvements of \$25,000. The land was added back to arrive at an estimate of value for the subject property under the cost approach of \$911,760.

Based on this evidence, the appellant requested the total assessment be reduced to \$85,800 which would reflect the appraised value.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$107,685. The subject's assessment reflects a market value of \$1,076,850 or \$209.91 per square foot of living area, land included, when using 5,130 square feet of living area and when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of the subject's assessment, the board of review submitted information on four comparable sales located within the same neighborhood assessment code as the subject property. The comparables consist of 2-story dwellings that range in age from 12 to 27 years old. The dwellings have full basements, two of which have finished area, central air conditioning, from one to four fireplaces and 3-car or 4-car garages. The dwellings range in size from 5,878 to 7,318 square feet of living area and are situated on sites ranging in size from 54,898 to 67,866 square feet of land area. The comparables sold from June 2014 to June 2015 for prices ranging from \$1,460,000 to \$2,225,000 or from \$237.90 to \$304.04 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must

be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the December 1, 2015 appraisal submitted by the appellant, estimating the subject property had a market value of \$858,000. The subject's assessment reflects a market value above the best evidence of market value in the record.

The Board gave less weight to board of review comparable sales #2 through #4 due to their 2014 sale dates which are dated and less indicative of fair market value as of the subject's January 1, 2016 assessment date at issue. Less weight was also given to board of review comparable sale #1 due to the fact that one unadjusted comparable does not overcome the appellant's appraisal report that included six comparables that were adjusted by the appellant's appraiser and which appears to be logical and reasonable. The Board also finds the appraised value is also supported by the December 2013 purchase of the subject property for a price of \$675,000. Based on this record the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is warranted commensurate with the appellant's request.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

DISSENTING: _____

CERTIFICATION

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: June 18, 2019

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
