

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Harris
DOCKET NO.: 16-22116.001-R-1
PARCEL NO.: 05-08-102-034-0000

The parties of record before the Property Tax Appeal Board are Robert Harris, the appellant, by attorney Christopher M. Caira, of Klafter & Burke in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,181
IMPR.: \$210,207
TOTAL: \$239,388

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 5,923 square feet of living area. The dwelling is approximately 10 years old. Features of the home include a full finished basement, central air conditioning, three fireplaces and a 3-car garage. The property has a 16,212 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables although comparable #3 consists of two dwellings. The comparables have the same neighborhood and classification codes as the subject property. The comparables are improved with 2-story dwellings of masonry exterior construction that range in age from 7 to 19 years old. The comparables have full

basements, three of which have finished area, central air conditioning, from one to five fireplaces and 3-car garages. The dwellings range in size from 5,458 to 6,394 square feet of living area and have improvement assessments ranging from \$154,306 to \$195,192 or from \$28.07 to \$30.78 per square foot of living area. The appellant requested the improvement assessment be reduced to \$166,259 or \$28.07 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$239,388. The subject property has an improvement assessment of \$210,207 or \$35.49 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on eight¹ equity comparables² with four having the same neighborhood code as the subject property. The comparables are improved with 2-story dwellings of frame or masonry exterior construction that range in age from 7 to 16 years old. The comparables have full basements, seven of which have finished area, central air conditioning, from one to six fireplaces and a 2.5-car, 3-car or 4-car garage. The dwellings range in size from 5,012 to 5,850 square feet of living area and have improvement assessments ranging from \$193,602 to \$254,184 or from \$35.57 to \$43.45 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of eleven suggested equity comparables for the Board's consideration with two comparables common to the board of review. The Board gave less weight to the appellant's comparable #3. The Board is unable to determine what portion of the grid analysis is attributable to improvement #1 and improvement #2. The Board finds the three remaining appellant's comparables and the board of review comparables are more similar when compared to the subject in location, age, dwelling size, design and/or features. These comparables had improvement assessments ranging from \$154,306 to \$254,184 or from \$28.07 to \$43.45 per square foot of living area. The subject's improvement assessment of \$210,207 or \$35.49 per square foot of living area falls within the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ The board of review comparables #2 and #4 appears to depict the same property.

² The board of review included a grid analysis of five comparable sales which will not be further addressed on this record as the Property Tax Appeal Board finds sale data is not responsive to the appellant's equity argument.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
