

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Hoffmeister
DOCKET NO.: 16-22253.001-R-1 through 16-22253.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are John Hoffmeister, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
16-22253.001-R-1	28-30-403-008-0000	2,161	20,432	\$22,593
16-22253.002-R-1	28-30-403-009-0000	2,161	74	\$2,235

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story mixed-use building of masonry exterior construction with 2,202 square feet of living area. The building is approximately 73 years old. Features include a full unfinished basement and central air conditioning. The property has a 6,650 square foot site and is located in Tinley Park, Bremen Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject property. The comparables are improved with mixed-use buildings of frame or frame and masonry exterior construction that range in age from 54 to 94 years old. Three of the comparables have partial or full basements; two of the

comparables have central air conditioning; one of the comparables has a 1.5-car garage. The buildings range in size from 2,362 to 4,140 square feet of living area and have improvement assessments ranging from \$10,452 to \$21,058 or from \$6.65 to \$8.16 per square foot of living area. The appellant requested the improvement assessment be reduced to \$16,977 or \$7.71 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,593. The subject property has an improvement assessment of \$20,432 or \$9.28 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same classification code as the subject property. Two of the comparables have the same neighborhood assessment code as the subject property. The comparables are improved with 2-story mixed-use buildings of frame and masonry or masonry exterior construction that range in age from 13 to 77 years old. The comparables have partial unfinished basements. Two of the comparables have central air conditioning. The buildings range in size from 2,133 to 3,520 square feet of living area and have improvement assessments ranging from \$19,791 to \$37,449 or from \$9.28 to \$10.64 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of seven suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #2 due to its larger building size when compared to the subject property. The Board also gave less weight to board of review's comparables #1 and #3 due to their newer age or larger building size when compared to the subject property. The Board finds the three remaining appellant comparables and board of review comparable #2 are more similar when compared to the subject in location, age, dwelling size and features. These comparables had improvement assessments ranging from \$19,008 to \$21,058 or from \$7.99 to \$9.28 per square foot of living area. The subject's improvement assessment of \$20,432 or \$9.28 per square foot of living area is supported by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
