

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Cawley  
DOCKET NO.: 16-22440.001-R-1  
PARCEL NO.: 05-34-216-007-0000

The parties of record before the Property Tax Appeal Board are Daniel Cawley, the appellant, by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$18,620  
**IMPR.:** \$60,139  
**TOTAL:** \$78,759

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of stucco exterior construction with 1,922 square feet of living area. The dwelling is approximately 103 years old. Features of the home include a full unfinished basement, a fireplace and a 3-car garage. The property has a 9,800 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables with the same neighborhood and classification codes as the subject property. The comparables are improved with 2-story dwellings ranging in age from 98 to 111 years old. The comparables have partial or full unfinished basements, a fireplace and 1-car or 2.5-car garages. The dwellings range in size

from 1,888 to 2,045 square feet of living area and have improvement assessments ranging from \$45,408 to \$60,060 or from \$24.05 to \$29.37 per square foot of living area. The appellant requested the improvement assessment be reduced to \$50,472 or \$26.26 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,759. The subject property has an improvement assessment of \$60,139 or \$31.29 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same neighborhood and classification codes as the subject property. The comparables are improved with 2-story dwellings that range in age from 95 to 103 years old. The comparables have partial or full basements, one of which has finished area, one or two fireplaces, and 1-car or 2-car garages. One of the comparables has central air conditioning. The dwellings range in size from 1,830 to 1,909 square feet of living area and have improvement assessments ranging from \$57,920 to \$64,195 or from \$31.30 to \$33.79 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of seven suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #3 and board of review comparable #2 due to their partial unfinished basement when compared to the subject's full unfinished basement. Less weight was also given to board of review comparable #3 due to its full finished basement when compared to the subject's full unfinished basement. The Board finds the appellant's comparable #1 and board of review comparables #1 and #4 are more similar when compared to the subject in location, age, dwelling size, design and most features. These comparables had improvement assessments ranging from \$24.05 to \$31.60 per square foot of living area. The subject's improvement assessment of \$31.29 per square foot of living area falls within the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
