

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mary Grant
DOCKET NO.: 16-22565.001-R-1
PARCEL NO.: 05-28-105-014-0000

The parties of record before the Property Tax Appeal Board are Mary Grant, the appellant, by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,690
IMPR.: \$68,240
TOTAL: \$80,930

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,468 square feet of living area. The dwelling is approximately 80 years old. Features of the home include a full finished basement, a fireplace and a 2-car garage. The property has a 7,050 square foot site and is located in Kenilworth, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables with the same neighborhood and classification codes as the subject property. The comparables were described as being located from .59 to .73 of a mile from the subject property. The comparables are improved with 2-story dwellings that range in age from 70 to 78 years old. The comparables

have partial or full basements, one of which has finished area, central air conditioning, one or two fireplaces and 1-car garages. The dwellings range in size from 2,456 to 2,769 square feet of living area and have improvement assessments ranging from \$56,750 to \$65,790 or from \$22.74 to \$23.76 per square foot of living area. The appellant requested the improvement assessment be reduced to \$57,257 or \$23.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,930. The subject property has an improvement assessment of \$68,240 or \$27.65 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same neighborhood and classification codes as the subject property. Three of the comparable were described as being located on the same block as the subject property. The comparables are improved with 2-story dwellings that range in age from 71 to 91 years old. The comparables have full basements, one of which has finished area, one or two fireplaces and 1-car or 2-car garages. Three of the comparables have central air conditioning. The dwellings range in size from 2,225 to 2,467 square feet of living area and have improvement assessments ranging from \$64,525 to \$74,123 or from \$28.08 to \$30.44 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant critiqued the board of review's submission noting comparables #2 and #3 are smaller than the subject property. Counsel also requested the Board take notice that the appellant submitted a 2017 board of review decision that indicates the subject's total assessment was reduced to \$77,080.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of seven suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable due to their distant location when comparable to the subject property. The Board finds the board of review comparables are more similar when compared to the subject in location, age, dwelling size, design and most features. These comparables had improvement assessments ranging from \$28.08 to \$30.44 per square foot of living area. The subject's improvement assessment of \$27.65 per square foot of living area falls below the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The appellant also submitted a copy of the 2017 board of review decision that indicates the subject's total assessment was reduced to \$77,080. The Board finds the board of review comparables support the current assessment, therefore, the Board finds a reduction on this basis is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
