

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jameel Husain
DOCKET NO.: 16-22908.001-R-1
PARCEL NO.: 02-35-200-098-0000

The parties of record before the Property Tax Appeal Board are Jameel Husain, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,283
IMPR.: \$44,186
TOTAL: \$50,469

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction. The dwelling is 28 years old and has 3,048 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 19,334 square-foot site and is located in Rolling Meadows, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment is not being contested in this appeal. In support of the inequity argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of masonry or frame and masonry construction. The dwellings are from 46 to 61 years old and

contain from 3,141 to 3,401 square feet of living area. One comparable has a partial basement, and three comparables have central air conditioning and fireplaces. Information regarding garages was not provided on the appellant's grid analysis; however, the appellant's photographic evidence revealed that at least three comparables have garages. The appellant also submitted a map which revealed one of the comparables was located near the subject property. The comparables have improvement assessments ranging from \$37,606 to \$41,937 or from \$11.46 to \$12.33 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$36,363 or \$11.93 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$50,469 was disclosed. The subject property has an improvement assessment of \$44,186 or \$14.50 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject. Three comparables were described as being located in the same block as the subject property. The comparables are improved with two-story dwellings of frame, masonry or frame and masonry construction. The dwellings are from four to thirty-three years old and contain from 2,715 to 3,159 square feet of living area. One comparable has a full finished basement, and the other three comparables have unfinished basements, either full or partial. The comparables have central air conditioning, one or two fireplaces and garages that range from two-car to three-car. The board of review's comparable properties have improvement assessments ranging from \$41,151 to \$51,155 or from \$14.70 to \$16.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparables were much older than the subject and three of the appellant's comparables differed from the subject in foundation. As a result, the appellant's comparables received reduced weight in the Board's analysis. Board of review comparable #3 was significantly newer than the subject and also received reduced weight. The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #4. The Board finds these comparables were very similar to the subject in location, story height, age, living area and most features. These comparables had improvement assessments that ranged from \$41,151 to \$51,155 or from \$14.70 to \$16.19 per square foot of living area. The subject's improvement assessment of \$44,186 or \$14.50 per square foot of living area falls below the range established by the best comparables in this record on a per square foot basis. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
