

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jose Ireta
DOCKET NO.: 16-22909.001-R-1
PARCEL NO.: 02-34-200-087-0000

The parties of record before the Property Tax Appeal Board are Jose Ireta, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,560
IMPR.: \$34,439
TOTAL: \$35,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction. The dwelling is 37 years old and has 2,153 square feet of living area. Features of the home include a concrete slab foundation, central air conditioning and a one-car garage. The property has a 4,800 square-foot site and is located in Rolling Meadows, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment is not being contested in this appeal. In support of the inequity argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame, masonry or frame and masonry construction. The dwellings are from 16 to 40 years old

and contain from 2,763 to 3,553 square feet of living area. The comparables have full or partial basements, central air conditioning and fireplaces. Information regarding garages was not provided on the appellant's grid analysis; however, the appellant's photographic evidence revealed that at least three of the comparables have garages. The appellant also submitted a map which revealed that two comparables were located in the same general area as the subject property. The location of the other two comparables was not revealed on the appellant's map; however, based on their parcel index numbers, one of these comparables was located on the same block as the subject. The comparables have improvement assessments ranging from \$41,604 to \$56,033 or from \$14.97 to \$15.82 per square foot of living area. The appellant also submitted a copy of the board of review's final decision for the 2016 tax year, dated December 12, 2016, which revealed that the subject's total assessment was \$35,999.¹ Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$32,704 or \$15.19 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$35,999 was disclosed. The subject property has an improvement assessment of \$34,439 or \$16.00 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties. The comparables have the same neighborhood and classification codes as the subject and were described as being located in the same block as the subject property. The comparables are improved with two-story dwellings of frame construction. The dwellings are 41 years old and contain from 2,035 to 2,202 square feet of living area. Three comparables have concrete slab foundations, and one comparable has a crawl-space foundation. Three comparables have central air conditioning; three comparables have a fireplace; and each comparable has a two-car garage. The board of review's comparable properties have improvement assessments ranging from \$32,865 to \$38,064 or from \$16.15 to \$17.66 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparables had significantly more living area than the subject and had basements that were dissimilar from the subject's concrete slab foundation. In addition, the appellant's comparables #1, #3 and #4 were much newer than the subject. As a result, the

¹ When the appellant completed Sections 2c and 5 of the residential appeal form, the appellant submitted incorrect amounts for the subject's improvement and total assessments as well as for the improvement assessment on a per square foot basis in the grid analysis.

appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds these comparables were very similar to the subject in location, story height, frame construction, age and living area. In addition, none of the comparables had a basement, and three of them had concrete slab foundations like the subject. The board of review's four comparables had improvement assessments that ranged from \$32,865 to \$38,064 or from \$16.15 to \$17.66 per square foot of living area. The subject's improvement assessment of \$34,439 or \$16.00 per square foot of living area falls below the range established by the best comparables in this record on a per square foot basis. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

DISSENTING: _____

CERTIFICATION

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: May 21, 2019

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
