

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Tyack  
DOCKET NO.: 16-22936.001-R-1  
PARCEL NO.: 02-10-304-015-0000

The parties of record before the Property Tax Appeal Board are Richard Tyack, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,777  
**IMPR.:** \$26,912  
**TOTAL:** \$41,689

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry construction. The dwelling is 54 years old and has 2,278 square feet of living area. Features of the home include a partial finished basement, central air conditioning, a fireplace and a two-car garage. The property has a 25,700 square-foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame, masonry or frame and masonry construction. The dwellings are from - 45 to 50 years old and contain from 2,232 to 2,587 square feet of living area. Each comparable

has an unfinished basement; three comparables have central air conditioning; and three comparables have fireplaces. Information regarding garages was not provided on the appellant's grid analysis. The appellant's map revealed the comparables were located in a different municipality over two miles from the subject property. The comparables have improvement assessments ranging from \$11,762 to \$14,730 or from \$4.55 to \$6.60 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$13,440 or \$5.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$41,689 was disclosed. The subject property has an improvement assessment of \$26,912 or \$11.81 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject; however, board of review comparable #3 is actually the same property as board of review comparable #1. Two comparables were described as being located on the same block as the subject property. The comparables are improved with two-story dwellings of frame and masonry or frame construction. The dwellings are either 39 or 53 years old and contain from 2,031 to 2,597 square feet of living area. Each comparable has a partial unfinished basement; a fireplace; and a garage. Two comparables have central air conditioning. The board of review's comparable properties have improvement assessments ranging from \$25,997 to \$32,306 or from \$12.40 to \$12.87 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties presented assessment data on a total of seven different comparables. The appellant's comparables received reduced weight in the Board's analysis, because the appellant's own evidence revealed they were located over two miles from the subject property. Board of review comparable #2 was much newer than the subject and also received reduced weight. The Board finds the best evidence of assessment equity to be board of review comparables #1 and #4. The Board finds these comparables were located on the same block as the subject and were also very similar to the subject in story height, age, living area and foundation. These comparables had improvement assessments of \$25,997 and \$31,302 or \$12.80 and \$12.87 per square foot of living area. The subject's improvement assessment of \$26,912 or \$11.81 per square foot of living area falls below the range established by the best comparables in this record on a per square foot basis. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
