

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Dunlap  
DOCKET NO.: 16-22944.001-R-1  
PARCEL NO.: 02-23-215-020-0000

The parties of record before the Property Tax Appeal Board are William Dunlap, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,685  
**IMPR.:** \$18,590  
**TOTAL:** \$22,275

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of masonry construction. The dwelling is 65 years old and has 1,315 square feet of living area. Features of the home include a crawl-space foundation, central air conditioning and a 1½-car garage. The property has an 11,340 square-foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with one, 1½-story and three, 1-story dwellings of frame construction. The dwellings are from 52 to 95 years old and contain from 1,174 to 1,740 square feet of living area. Three comparables have

basements and central air conditioning, and one of these comparables also has a fireplace. Information regarding garages was not provided on the appellant's grid analysis; however, the appellant's photographic evidence revealed that at least one of the comparables has a garage. The appellant also submitted a map which disclosed that none of the comparables were located in close proximity to the subject property. The comparables have improvement assessments ranging from \$12,694 to \$21,248 or from \$10.18 to \$12.21 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$14,452 or \$10.99 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$22,275 was disclosed. The subject property has an improvement assessment of \$18,590 or \$14.14 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties. The comparables have the same neighborhood and classification codes as the subject and were described as being located a quarter-mile from the subject property. The comparables are improved with 1-story dwellings of masonry construction. The dwellings are from 52 to 69 years old and contain from 1,073 to 1,360 square feet of living area. Two comparables have basements, with one having finished area. Two comparables have central air conditioning and a fireplace but do not have basements. Each comparable has a garage. The board of review's comparable properties have improvement assessments ranging from \$17,868 to \$19,950 or from \$14.67 to \$17.15 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties presented assessment data on a total of eight comparables. The appellant's comparables received reduced weight in the Board's analysis due to differences in location (#2 and #3), age (#2), living area (#4) and foundation (#1 through #3). Board of review comparables #3 and #4 differed from the subject in foundation and also received reduced weight. The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2, because they lacked basements like the subject and were also very similar in location, story height, masonry construction, age, living area and features like central air conditioning and a garage. Both comparables had an improvement assessment of \$14.67 per square foot of living area. The subject's improvement assessment of \$14.14 per square foot of living area is less than the improvement assessment of the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
