

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dennis Morkunas  
DOCKET NO.: 16-23183.001-R-1  
PARCEL NO.: 14-30-206-027-0000

The parties of record before the Property Tax Appeal Board are Dennis Morkunas, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$15,625  
**IMPR.:** \$26,391  
**TOTAL:** \$42,016

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story multi-family dwelling of frame and masonry exterior construction with 1,656 square feet of living area. The dwelling is approximately 120 years old. Features include a concrete slab foundation and a 1.5-car garage. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables with the same neighborhood and classification codes as the subject property. The comparables are improved with 1.5 story and 2-story dwellings of frame exterior construction that range in age from 122 to 132 years old. The comparables have crawl-space foundation or full finished basements and 1.5-

car or 2-car garages. The dwellings range in size from 1,500 to 1,776 square feet of living area and have improvement assessments ranging from \$16,556 to \$21,898 or from \$10.93 to \$12.98 per square foot of living area. The appellant requested the improvement assessment be reduced to \$19,027 or \$11.49 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,016. The subject property has an improvement assessment of \$26,391 or \$15.94 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same neighborhood and classification codes as the subject property. The comparables are improved with 1.5-story and 2-story multi-family dwellings of frame or masonry exterior construction that range in age from 117 to 125 years old. The comparables have partial or full basements, two of which have finished areas. One comparable has central air conditioning and three comparables have 2-car garages. The dwellings range in size from 1,584 to 1,677 square feet of living area and have improvement assessments ranging from \$27,288 to \$33,693 or from \$17.03 to \$20.70 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of nine suggested equity comparables for the Board's consideration. The Board finds that all of the comparables submitted by the parties differed from the subject in foundation but were similar to the subject in location, age and dwelling size. These comparables had improvement assessments ranging from \$16,556 to \$33,693 or from \$10.93 to \$20.70 per square foot of living area. The subject's improvement assessment of \$26,391 or \$15.94 per square foot of living area falls within the range established by the comparables contained in this record. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
