

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jonathan Lively
DOCKET NO.: 16-23189.001-R-1
PARCEL NO.: 14-20-327-008-0000

The parties of record before the Property Tax Appeal Board are Jonathan Lively, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,800
IMPR.: \$62,205
TOTAL: \$79,005

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family dwelling of masonry exterior construction with 3,900 square feet of living area. The dwelling is approximately 16 years old. Features include a full basement, finished as an apartment, central air conditioning, three fireplaces and a 2-car garage. The property has a 3,000 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables with the same neighborhood and classification codes as the subject property. The comparables are improved with 2-story and 3-story multi-family dwellings of masonry exterior construction that range in age from 92 to 117 years old. The comparables have full unfinished basements. Four of the

comparables have 2-car or 3-car garages. The dwellings range in size from 3,908 to 4,044 square feet of living area and have improvement assessments ranging from \$53,379 to \$56,481 or from \$13.50 to \$14.06 per square foot of living area. The appellant requested the improvement assessment be reduced to \$52,650 or \$13.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,005. The subject property has an improvement assessment of \$62,205 or \$15.95 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same neighborhood and classification codes as the subject property. The comparables are improved with 3-story multi-family dwellings of masonry exterior construction that range in age from 16 to 24 years old. The comparables have full basements, three of which have finished areas and central air conditioning. Three of the comparables have three fireplaces. The dwellings range in size from 3,747 to 4,125 square feet of living area and have improvement assessments ranging from \$61,472 to \$77,179 or from \$16.00 to \$18.71 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of nine suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their significantly older ages when compared to the subject property. The Board finds the board of review comparables are more similar when compared to the subject in location, age, dwelling size, design and most features. These comparables had improvement assessments ranging from \$16.00 to \$18.71 per square foot of living area. The subject's improvement assessment of \$15.95 per square foot of living area falls below the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
