

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: J.D. Hansen  
DOCKET NO.: 16-23282.001-R-1  
PARCEL NO.: 05-18-217-005-0000

The parties of record before the Property Tax Appeal Board are J.D. Hansen, the appellant, by attorney Christopher G. Walsh, Jr., Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$12,720  
**IMPR.:** \$70,821  
**TOTAL:** \$83,541

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry construction. The dwelling is 88 years old and has 2,478 square feet of living area. Features of the home include a partial finished basement, central air conditioning, two fireplaces and a two-car garage. The property has a 7,950 square-foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame and masonry or masonry construction. The dwellings are from 66 to 90 years old and contain from 2,649 to 2,737 square feet of living area. One comparable has a full

finished basement, and three comparables have unfinished basements, either full or partial. The comparables have central air conditioning, one or three fireplaces, and garages, either one-car or two-car. The comparables have improvement assessments that range from \$53,080 to \$68,288 or from \$20.04 to \$24.95 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$57,093 or \$23.04 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$83,541 was disclosed. The subject property has an improvement assessment of \$70,821 or \$28.58 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties. The comparables have the same neighborhood and classification codes as the subject and were described as being located a quarter-mile from the subject property. The comparables are improved with two-story dwellings of stucco, masonry or frame and masonry construction. The dwellings are from 77 to 93 years old and contain from 2,255 to 3,098 square feet of living area. The comparables have full basements, with two having finished area. Two comparables have central air conditioning. The comparables have one or two fireplaces and garages, either one and one-half car or two-car. The comparable properties have improvement assessments that range from \$76,020 to \$102,077 or from \$29.63 to \$33.71 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparable #3 was significantly newer than the subject and board of review comparable #4 had significantly more living area than the subject. As a result, these two comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2 and #4 and board of review comparables #1 through #3. The Board finds these comparables were similar to the subject in location, story height, age, living area and most features. These comparables had improvement assessments that ranged from \$53,080 to \$86,135 or from \$20.04 to \$33.71 per square foot of living area. The subject's improvement assessment of \$70,821 or \$28.58 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
