

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Finke
DOCKET NO.: 16-23296.001-R-1
PARCEL NO.: 05-07-114-010-0000

The parties of record before the Property Tax Appeal Board are Thomas Finke, the appellant, by attorney Christopher G. Walsh, Jr., Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,000
IMPR.: \$98,712
TOTAL: \$113,712

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction. The dwelling is approximately 19 years old and has 3,656 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a two-car garage. The property has a 10,000 square-foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame, masonry, frame and masonry or stucco construction. The dwellings are from 12 to 22 years old and contain from 3,476 to 3,790 square feet of living area. The

comparables have full basements, with two having finished area. Each comparable has central air conditioning, two fireplaces, and a garage, either one-car or two-car. The comparables have improvement assessments that range from \$83,649 to \$110,668 or from \$24.02 to \$29.20 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$96,445 or \$26.38 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$124,534 was disclosed. The subject property has an improvement assessment of \$109,534 or \$29.96 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties. The comparables have the same neighborhood and classification codes as the subject and were described as being located a quarter-mile from the subject property. The comparables are improved with two-story dwellings of frame or masonry construction. The dwellings are from one to thirteen years old and contain from 3,270 to 3,437 square feet of living area. Each comparable has a full finished basement, central air conditioning, one or two fireplaces, and a two-car garage. The comparable properties have improvement assessments that range from \$103,591 to \$126,474 or from \$30.14 to \$38.13 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the comparables submitted by the board of review have finished basements that are dissimilar from the subject's unfinished basements, and three of the board of review comparables are significantly newer than the subject. As a result, the board of review comparables received reduced weight in the Board's analysis. The appellant's comparables #3 and #4 have finished basements and also received reduced weight. The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2. The Board finds these comparables have full unfinished basements like the subject and are also very similar in location, story height, age, living area and other features. The appellant's comparables #1 and #2 have improvement assessments of \$83,649 and \$96,420 or \$24.02 and \$25.76 per square foot of living area, respectively. The subject's improvement assessment of \$109,534 or \$29.96 per square foot of living area falls above the improvement assessments of the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant was able to demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
