

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Kerls  
DOCKET NO.: 16-23307.001-R-1  
PARCEL NO.: 05-27-316-014-0000

The parties of record before the Property Tax Appeal Board are Robert Kerls, the appellant, by Christopher G. Walsh, Jr., Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$18,500  
**IMPR.:** \$75,320  
**TOTAL:** \$93,820

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame construction. The dwelling is 119 years old and has 2,618 square feet of living area. Features of the home include a full unfinished basement, a fireplace and a two-car garage. The property has a 9,250 square-foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame or frame and masonry construction. The dwellings are from 97 to 128 years old and contain from 2,540 to 2,900 square feet of living area. One comparable has a full finished basement, and three comparables have unfinished basements, either full or partial. Three comparables have central air conditioning. Each comparable has one or two fireplaces and

two-car garages. The comparables have improvement assessments that range from \$67,412 to \$74,873 or from \$23.31 to \$26.75 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$65,999 or \$25.21 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$93,820 was disclosed. The subject property has an improvement assessment of \$75,320 or \$28.77 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties that have the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame construction. The dwellings are from 103 to 123 years old and contain from 2,287 to 2,984 square feet of living area. Two comparables have partial finished basements, and two have unfinished basements, either full or partial. Each comparable has central air conditioning and one or two fireplaces. Two comparables have two-car garages. The comparable properties have improvement assessments that range from \$72,986 to \$94,960 or from \$29.43 to \$41.52 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparable #1 and board of review comparables #2 and #3 differed from the subject in living area. As a result, these three comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the appellant's comparables #2 through #4 and board of review comparables #1 and #4. The Board finds these comparables, despite differences in central air conditioning and basement treatment, were very similar to the subject in location, two-story design, frame construction, age, living area and foundation. These comparables had improvement assessments that ranged from \$67,412 to \$85,015 or from \$24.42 to \$33.79 per square foot of living area. The subject's improvement assessment of \$75,320 or \$28.77 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
