

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Harrington  
DOCKET NO.: 16-23318.001-R-1  
PARCEL NO.: 05-35-409-031-0000

The parties of record before the Property Tax Appeal Board are John Harrington, the appellant, by Christopher G. Walsh, Jr., Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,725  
**IMPR.:** \$64,956  
**TOTAL:** \$78,681

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry construction. The dwelling is 94 years old and has 2,576 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a two and one-half car garage. The property has a 9,150 square-foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of masonry or frame and masonry construction. The dwellings are from 91 to 98 years old and contain from 2,560 to 2,756 square feet of living area. One comparable has a full

finished basement, and the other three have unfinished basements, either full or partial. None of the comparables have central air conditioning. Each comparable has one or two fireplaces and a garage, either one-car or two-car. The comparables have improvement assessments that range from \$54,073 to \$58,154 or from \$19.62 to \$21.84 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$53,993 or \$20.96 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$78,681 was disclosed. The subject property has an improvement assessment of \$64,956 or \$25.22 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties. The comparables have the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of masonry or frame and masonry construction. The dwellings are from 65 to 93 years old and contain from 2,549 to 2,790 square feet of living area. One comparable has a full unfinished basement, and the other two have finished basements, either full or partial. Each comparable has central air conditioning, one or two fireplaces, and a garage, either two-car or three-car. The comparable properties have improvement assessments that range from \$71,561 to \$78,014 or from \$25.65 to \$30.61 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the board of review comparable #3 is significantly newer than the subject and received reduced weight in the Board's analysis. Although the appellant's comparables are very similar to the subject in most characteristics, none of the appellant's comparables have central air conditioning like the subject. As a result, the appellant's comparables also received reduced weight. The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2. The Board finds these two comparables are very similar to the subject in location, age, living area and features like a full basement and central air conditioning. Board of review comparables #1 and #2 have improvement assessments of \$75,589 and \$71,561 or \$28.44 and \$25.65 per square foot of living area, respectively. The subject's improvement assessment of \$64,956 or \$25.22 per square foot of living area is less than the improvement assessments of the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
