

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Diane O'Brien
DOCKET NO.: 16-23335.001-R-1
PARCEL NO.: 05-27-418-011-0000

The parties of record before the Property Tax Appeal Board are Diane O'Brien, the appellant, by Christopher G. Walsh, Jr., Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,310
IMPR.: \$109,144
TOTAL: \$132,454

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco construction. The dwelling is approximately 110 years old and has 4,297 square feet of living area. Features of the home include a partial finished basement, central air conditioning, two fireplaces and a two-car garage. The property has an 11,655 square-foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame, frame and masonry or stucco construction. The dwellings are from 91 to 113 years old and contain from 4,464 to 4,622 square feet of living area. One comparable has a full finished basement, and the other three comparables have unfinished basements, either full

or partial. Two comparables have central air conditioning; three comparables have two or three fireplaces; and each comparable has a garage. The comparables have improvement assessments that range from \$78,200 to \$115,319 or from \$17.49 to \$24.95 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$98,058 or \$22.82 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$132,454 was disclosed. The subject property has an improvement assessment of \$109,144 or \$25.40 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties. The comparables have the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of stucco construction. The dwellings are from 96 to 113 years old and contain from 3,813 to 4,446 square feet of living area. The comparables have finished basements, either full or partial; central air conditioning; and garages. Three comparables have from one to three fireplaces. The comparable properties have improvement assessments that range from \$100,789 to \$135,505 or from \$25.85 to \$30.48 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparables #1, #3 and #4 did not have finished basements like the subject and comparables #1 and #3 lacked also central air conditioning. As a result, the appellant's comparables 1, #3 and #4 received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review and the appellant's comparable #2. The Board finds these comparables are very similar to the subject in location, two-story design, age, living area and features like a finished basement and central air conditioning and the board of review comparables have stucco exterior construction like the subject. The board of review comparables and the appellant's comparable #2 have improvement assessments that range from \$100,789 to \$135,505 or from \$24.32 to \$30.48 per square foot of living area. The subject's improvement assessment of \$109,144 or \$25.40 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
