

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Derek Casteel
DOCKET NO.: 16-23349.001-R-1
PARCEL NO.: 05-32-200-134-0000

The parties of record before the Property Tax Appeal Board are Derek Casteel, the appellant, by Christopher G. Walsh, Jr., Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,210
IMPR.: \$38,846
TOTAL: \$56,056

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction. The dwelling is approximately 58 years old and has 1,761 square feet of living area. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 16,391 square-foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables were described as being located on the same block as the subject. The comparables are improved with one-story dwellings of frame, masonry or frame and masonry construction. The dwellings are from 61 to 68 years old and contain from 1,725 to 1,799 square feet of living area. Three comparables have

unfinished basements, either full or partial, and one comparable does not have a basement. Each comparable has central air conditioning. Three comparables have a fireplace as well as a garage, either one and one-half car or two-car. The comparables have improvement assessments that range from \$26,676 to \$38,393 or from \$14.94 to \$21.96 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$34,956 or \$19.85 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$56,056 was disclosed. The subject property has an improvement assessment of \$38,846 or \$22.06 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties that have the same neighborhood and classification codes as the subject. The comparables are improved with one-story dwellings of frame or masonry construction. The dwellings are from 57 to 65 years old and contain from 1,388 to 1,791 square feet of living area. The comparables have unfinished basements, either full or partial. Two comparables have central air conditioning. Each comparable has a fireplace and a garage, either one-car or two-car. The comparable properties have improvement assessments that range from \$34,986 to \$44,877 or from \$25.06 to \$25.38 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparable #1 to be an outlier with an improvement assessment that was substantially lower than any other comparable in the record; comparable #2 was dissimilar from the subject in not having a basement; and comparable #3 differed in not having a fireplace and a garage like the subject. Due to these differences, the appellant's comparables #1 through #3 received reduced weight in the Board's analysis. Board of review comparables #1 and #3 do not have central air conditioning like the subject, and comparable #2 has significantly less living area than the subject. As a result, board of review comparables #1 through #3 also received reduced weight. The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparable #4. The Board finds these comparables are very similar to the subject in location, one-story design, age, living area and features like a partial unfinished basement, central air conditioning, a fireplace and a two-car garage. The appellant's comparable #4 and board of review comparable #4 have improvement assessments of \$38,393 and \$43,771 or \$21.96 and \$25.37 per square foot of living area, respectively. The subject's improvement assessment of \$38,846 or \$22.06 per square foot of living area falls between the improvement assessments of the best comparables in this record. After considering adjustments to the

comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
