

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bruce Bower
DOCKET NO.: 16-23356.001-R-1
PARCEL NO.: 05-27-101-002-0000

The parties of record before the Property Tax Appeal Board are Bruce Bower, the appellant, by Christopher G. Walsh, Jr., Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,670
IMPR.: \$144,130
TOTAL: \$180,800

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco construction. The dwelling is approximately 123 years old and has 4,060 square feet of living area. Features of the home include a full unfinished basement, three fireplaces and a two-car garage. The property has a 19,300 square-foot site and is located in Kenilworth, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of stucco construction. The dwellings are from 90 to 108 years old and contain from 3,805 to 4,367 square feet of living area. The comparables have unfinished basements, either full or partial. Two comparables have central air conditioning. The comparables have one or two fireplaces and garages, either two-car or three-car. The comparables have improvement

assessments that range from \$110,259 to \$140,676 or from \$28.73 to \$35.49 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$131,016 or \$32.27 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$189,499 was disclosed. The subject property has an improvement assessment of \$152,829 or \$37.64 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties that have the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame, masonry or frame and masonry construction. The dwellings are from 83 to 105 years old and contain from 3,113 to 4,674 square feet of living area. One comparable has a full finished basement, and the other three comparables have unfinished basements, either full or partial. Three comparables have central air conditioning. The comparables have two or three fireplaces and garages that range from one and one-half car to two and one-half car. The comparable properties have improvement assessments that range from \$123,501 to \$198,489 or from \$38.12 to \$43.62 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds board of review comparables #1 thorough #3 differed significantly from the subject in living area and comparables #2 through #4 were dissimilar from the subject in having central air conditioning. As a result, the board of review comparables received reduced weight in the Board's analysis. The appellant's comparables #1 and #2 also received reduced weight because they have central air conditioning, which the subject did not enjoy.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4. The Board finds these comparables are two-story, stucco dwellings that are very similar to the subject in living area and features. Like the subject, comparables #3 and #4 have unfinished basements but do not have central air conditioning. The appellant's comparables #3 and #4 have improvement assessments of \$125,148 and \$135,034 or \$32.64 and \$35.49 per square foot of living area, respectively. The subject's improvement assessment of \$152,829 or \$37.64 per square foot of living area falls above the improvement assessments of the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant was able to demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
