

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cindy Mancillas
DOCKET NO.: 16-23366.001-R-1
PARCEL NO.: 05-29-209-028-0000

The parties of record before the Property Tax Appeal Board are Cindy Mancillas, the appellant, by attorney Scott L. David, of Much Shelist in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,945
IMPR.: \$72,653
TOTAL: \$117,598

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1½-story dwelling of frame and masonry construction. The dwelling is approximately 64 years old and has 3,551 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, three fireplaces and a 2-car garage. The property has a 32,104 square-foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with four, 1½-story dwellings of frame, masonry or frame and masonry construction.¹ The dwellings are

from 59 to 63 years old and contain from 3,284 to 3,948 square feet of living area. Two comparables have finished basements, either full or partial, and two comparables do not have basements. The comparables have central air conditioning; one or three fireplaces; and garages, either 2-car or 3-car. The comparables have improvement assessments that range from \$61,485 to \$76,828 or from \$15.79 to \$19.67 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$117,598 was disclosed. The subject property has an improvement assessment of \$72,653 or \$20.46 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties that have the same neighborhood and classification codes as the subject. The comparables are improved with one, 1-story and three, 1½-story dwellings of frame and masonry or masonry construction. The dwellings are 60 or 62 years old and contain from 3,378 to 4,175 square feet of living area. One comparable has a full finished basement, and three comparables have unfinished basements, either full or partial. The comparables have central air conditioning, two or three fireplaces, and 2-car or 3-car garages. The comparable properties have improvement assessments that range from \$75,442 to \$96,025 or from \$21.38 to \$23.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparables #1 and #2 do not have basements like the subject and board of review comparable #2 is a 1-story dwelling that differs from the subject's 1½-story design. As a result, these three comparables received reduced weight in the Board's analysis.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 and board of review comparables #1, #3 and #4. The Board finds these five comparables are very similar to the subject in location, 1½-story design, age, living area and foundation. These comparables have improvement assessments that range from \$64,594 to \$92,605 or from \$19.46 to \$22.96 per square foot of living area. The subject's improvement assessment of \$72,653 or \$20.46 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
