

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mary Studdert  
DOCKET NO.: 16-23372.001-R-1  
PARCEL NO.: 05-29-315-017-0000

The parties of record before the Property Tax Appeal Board are Mary Studdert, the appellant, by attorney Scott L. David, of Much Shelist in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$25,849  
**IMPR.:** \$124,705  
**TOTAL:** \$150,554

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry construction. The dwelling is approximately 83 years old and has 5,630 square feet of living area. Features of the home include a full finished basement, central air conditioning, a fireplace and a two and one-half car garage. The property has a 17,827 square-foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame or masonry construction. The dwellings are 86 or 89 years old and contain from 5,552 to 7,721 square feet of living area. The comparables have unfinished basements, either full or partial; central air conditioning; two to four fireplaces; and garages that range from two-car to three and one-half car. The comparables have improvement assessments

that range from \$79,049 to \$156,147 or from \$14.24 to \$20.36 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$104,887 or \$18.63 per square foot of living area.<sup>1</sup>

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$150,554 was disclosed. The subject property has an improvement assessment of \$124,705 or \$22.15 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame and masonry or masonry construction. The dwellings are from 21 to 63 years old and contain from 5,054 to 6,103 square feet of living area. Three comparables have unfinished basements, either full or partial, and one comparable has a partial finished basement. The comparables have central air conditioning, two or three fireplaces, and garages, either two-car or two and one-half car. The comparable properties have improvement assessments that range from \$124,178 to \$159,538 or from \$23.39 to \$28.59 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparable #1 to be an outlier with an improvement assessment for the 2016 tax year that is substantially lower than any other comparable. The Board also finds the appellant's comparables #2 and #3 have significantly more living area than the subject and board of review comparables #2 through #4 were considerably newer than the subject. As a result, these comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the appellant's #4 and board of review comparable #1. The Board finds these comparables are similar to the subject in location, age, living area and most features. The appellant's #4 and board of review comparable #1 have improvement assessments of \$126,428 and \$124,178 or \$20.36 and \$23.39 per square foot of living area. The subject's improvement assessment of \$124,705 or \$22.15 per square foot of living area falls between the improvement assessments of the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

---

<sup>1</sup> When the appellant submitted the appeal form, the appellant requested a reduction in the subject's improvement assessment to \$111,851; however, in a petition that accompanied the appeal, the appellant stated the evidence supported a larger reduction to \$104,887.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
