

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Weiss
DOCKET NO.: 16-23373.001-R-1
PARCEL NO.: 05-27-101-010-0000

The parties of record before the Property Tax Appeal Board are John Weiss, the appellant, by attorney Scott L. David, of Much Shelist in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,669
IMPR.: \$98,743
TOTAL: \$124,412

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco construction. The dwelling is approximately 99 years old and has 3,534 square feet of living area. Features of the home include a partial unfinished basement, a fireplace and a two-car garage. The property has a 13,510 square-foot site and is located in Kenilworth, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

When the appellant completed Section 2d of the appeal form, the appellant indicated the appellant was being based on a recent appraisal. However, no appraisal was submitted with the appeal. Instead, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The appellant did not submit a grid analysis with the appeal but did provide data sheets from the Cook County Property Tax Portal for four comparable properties. The comparables are improved with two-story dwellings of frame, frame and masonry or stucco construction. The dwellings are from 87 to 118 years old

and contain from 3,210 to 3,822 square feet of living area. Three comparables have full or partial finished basements, and one comparable has a partial unfinished basement. One comparable has central air conditioning. The comparables have one or four fireplaces and garages, either one and one-half car or two-car. The comparables have improvement assessments that range from \$62,419 to \$93,142 or from \$19.42 to \$24.37 per square foot of living area. Based on the equity evidence, the appellant requested a reduction in the subject's improvement assessment to \$80,893 or \$22.89 per square foot of living area.¹

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$124,412 was disclosed. The subject property has an improvement assessment of \$98,743 or \$27.94 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of stucco construction. The dwellings are from 92 to 108 years old and contain from 2,949 to 3,834 square feet of living area. The comparables have full or partial unfinished basements, one or two fireplaces, and garages, either two-car or three-car. One comparable has central air conditioning. The comparable properties have improvement assessments that range from \$83,863 to \$125,148 or from \$28.36 to \$32.64 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds board of review comparable #3 has significantly less living area than the subject and received reduced weight in the Board's analysis. The Board finds the remaining seven comparables (the appellant's four comparables and board of review comparables #1, #2 and #4) are generally similar to the subject in location, age, living area and foundation. These comparables have improvement assessments that range from \$62,419 to \$125,148 or from \$19.42 to \$32.64 per square foot of living area. The subject's improvement assessment of \$98,743 or \$27.94 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ When the appellant submitted the appeal form, the appellant requested a reduction in the subject's improvement assessment to \$83,331; however, in a petition that accompanied the appeal, the appellant stated the evidence supported a larger reduction to \$80,893.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
