

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alfred Tellez
DOCKET NO.: 16-23424.001-R-1
PARCEL NO.: 14-20-118-029-0000

The parties of record before the Property Tax Appeal Board are Alfred Tellez, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,220
IMPR.: \$42,289
TOTAL: \$59,509

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family dwelling of masonry construction. The dwelling is approximately 117 years old and has 2,396 square feet of living area. Features of the dwelling include two apartment units and a full unfinished basement. The property has a 3,075 square-foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story, multi-family dwellings of frame construction. The dwellings are from 117 to 132 years old and contain from 2,332 to 2,441 square feet of living area. The comparables have two or three apartment units. Two comparables have full or partial unfinished basements, and one

comparable has a full basement finished for an apartment. Two comparables have central air conditioning, and four comparables have garages. The comparables have improvement assessments that range from \$28,395 to \$34,393 or from \$11.88 to \$14.09 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$30,932 or \$12.91 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$59,509 was disclosed. The subject property has an improvement assessment of \$42,289 or \$17.65 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties that have the same neighborhood and classification codes as the subject. Three of the comparables are located on the same block as the subject property. The comparables are improved with two-story, multi-family dwellings of multi-family construction. The dwellings are from 108 to 117 years old and contain from 2,392 to 2,530 square feet of living area. The board of review did not report the number of apartment units; however, each comparable has two full bathrooms. The comparables have full unfinished basements, and three comparables have two-car garages. The comparable properties have improvement assessments that range from \$45,818 to \$49,709 or from \$19.12 to \$20.75 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of nine suggested comparables. The Board finds the appellant's comparables have frame construction that differs from the subject's masonry construction. In addition, comparables #1 and #2 differed from subject in central air conditioning and comparables #2 and #3 have concrete slab foundations that are inferior to the subject's full unfinished basement. As a result, the appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The board of review comparables have masonry exteriors like the subject and are also very similar in location, age, living area and foundation. The board of review comparables have improvement assessments that range from \$45,818 to \$49,709 or from \$19.12 to \$20.75 per square foot of living area. The subject's improvement assessment of \$42,289 or \$17.65 per square foot of living area falls below the range of improvement assessments established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
