

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alkareem Merchant
DOCKET NO.: 16-23894.001-R-1
PARCEL NO.: 11-31-116-040-0000

The parties of record before the Property Tax Appeal Board are Alkareem Merchant, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,421
IMPR.: \$18,278
TOTAL: \$20,699

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry construction. The dwelling is a townhouse that is approximately 53 years old and has 1,463 square feet of living area. Features of the home include a full unfinished basement and central air conditioning. The property has a 1,614 square-foot site and is located in Chicago, Rogers Park Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same neighborhood and classification codes as the subject. The comparables are located from 0.27 to 0.43 of a mile from the subject property. The comparables are improved with 2-story dwellings of masonry construction. The dwellings are 57 or 58 years old and contain from 1,216 to 1,480

square feet of living area. The comparables have full or partial finished basements. One comparable has central air conditioning, and another has a 1-car garage. The comparables have improvement assessments that range from \$13,626 to \$14,808 or from \$10.00 to \$11.20 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$15,625 or \$10.68 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$20,699 was disclosed. The subject property has an improvement assessment of \$18,278 or \$12.49 per square foot of living area. The board of review presented descriptions and assessment information on three comparable properties that have the same neighborhood and classification codes as the subject. The comparables were described as being located on the same block as the subject property. The comparables are improved with 2-story dwellings of masonry construction. The dwellings are townhouses that are each 53 years old with 1,463 square feet of living area. The comparables have full unfinished basements, and two comparables have central air conditioning. The comparable properties have improvement assessments that range from \$18,430 to \$18,916 or from \$12.60 to \$12.93 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of six suggested comparables. The Board finds the appellant's comparables #1 and #2 lack central air conditioning and comparable #3 has significantly less living area than the subject. As a result, the appellant's comparables received reduced weight in the Board's analysis. Board of review comparable #3 lacks central air conditioning and also received reduced weight. The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2. The Board finds these comparables are very similar to the subject in location, 2-story design, masonry construction, age, living area and features like a full unfinished basement and central air conditioning. Board of review comparables #1 and #2 have improvement assessments \$18,430 and \$18,916 or \$12.60 and \$12.93 per square foot of living area, respectively. The subject's improvement assessment of \$18,278 or \$12.49 per square foot of living area falls below the improvement assessment of the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
