

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Ginsberg
DOCKET NO.: 16-24004.001-R-1 through 16-24004.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Charles Ginsberg, the appellant(s), by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
16-24004.001-R-1	11-19-111-013-0000	8,640	9,824	\$18,464
16-24004.002-R-1	11-19-111-014-0000	4,428	1,108	\$5,536

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a 131 year-old, one-story dwelling of stucco construction. The parties differed as to the square footage of living area. Features of the subject include a full finished basement containing an apartment and a two-car garage. The property is situated on two contiguous parcels, with a total of 9,517 square feet site in Evanston, Evanston Township, Cook County. The dwelling is situated on both parcels. The property is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating the subject property had a market value of \$240,000 as of January 1, 2016. The appellant's brief disclosed the subject dwelling was owner-occupied

during the lien year. The appraisal disclosed the dwelling contained 1,044 square feet of living area. The appellant requested a total assessment reduction to \$24,000 when applying the 2016 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,107. The subject's assessment reflects a market value of \$421,070 when applying the 2016 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. The board of review cited two different sizes of square footage for the dwelling: 1,796 square feet as reported by the Cook County Assessor; and 1,044 square feet as reported by the appellant's appraisal. In support of its contention of the correct assessment, the board of review submitted information on four suggested comparable sale properties for each of the two reported dwelling sizes. The Improvement Assessed Valuation is prorated between the two contiguous parcels.

In rebuttal, the appellant argued that the comparable properties submitted as evidence by the board of review should be given diminished weight because they were dissimilar to the subject in various key property characteristics and were based on raw, unadjusted sales data. The appellant reaffirmed the request for an assessment reduction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds, for the purposes of this appeal, that the subject dwelling contains 1,044 square feet of living area. The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The Board finds the subject property had a market value of \$240,000 as of the assessment date at issue. Since market value has been established, the 2016 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply. The Improvement Assessed Valuation is prorated between the two contiguous parcels.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
