

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dana Hirt
DOCKET NO.: 16-24068.001-R-1
PARCEL NO.: 14-29-313-006-0000

The parties of record before the Property Tax Appeal Board are Dana Hirt, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,200
IMPR.: \$121,896
TOTAL: \$141,096

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story dwelling of masonry construction. The dwelling is approximately seven years old and has 2,929 square feet of living area. Features of the home include a full finished basement, central air conditioning, a fireplace and a 2-car garage. The property has a 3,000 square-foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject. Three of the comparables have parcel index numbers that indicate they are located on the same block as the subject property. The comparables are improved with one, 3-story and three, 2-story dwellings of frame or masonry construction. The dwellings are 22 or 28 years old and contain from 2,354 to 3,214 square feet of living area. The

comparables have full basements, central air conditioning and 2-car garages; however, the appellant did not reveal which comparables, if any, have finished basements. Three comparables have one or two fireplaces each. The comparables have improvement assessments that range from \$79,800 to \$113,615 or from \$28.27 to \$39.04 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$102,222 or \$34.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$141,096 was disclosed. The subject property has an improvement assessment of \$121,896 or \$41.62 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties that have the same neighborhood and classification codes as the subject. The comparables were described as being located a quarter-mile from the subject property. The comparables are improved with four, 3-story dwellings of masonry construction. The dwellings are or ten years old and contain from 2,634 to 2,986 square feet of living area. The comparables have full finished basements, central air conditioning, from one to five fireplaces, and 2-car garages. The comparable properties have improvement assessments that range from \$115,791 to \$137,263 or from \$43.96 to \$47.07 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparables are significantly older than the subject; comparables #1 through #3 differ from the subject in story height; comparables #1 and #4 have frame construction, not masonry like the subject; and comparable #2 has significantly less living area than the subject. Due to these differences, the appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds these comparables are very similar to the subject in location, story height, masonry construction, age, living area and features such as a full finished basement, central air conditioning and a 2-car garage. These comparables have improvement assessments that range from \$115,791 to \$137,263 or from \$43.96 to \$47.07 per square foot of living area. The subject's improvement assessment of \$121,896 or \$41.62 per square foot of living area falls below the per-square-foot range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
