

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Kinder  
DOCKET NO.: 16-24263.001-R-1  
PARCEL NO.: 14-19-419-016-0000

The parties of record before the Property Tax Appeal Board are Thomas Kinder, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$21,302  
**IMPR.:** \$153,287  
**TOTAL:** \$174,589

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry construction. The dwelling is approximately 10 years old and has 4,794 square feet of living area. Features of the home include a full finished basement, central air conditioning, two fireplaces and a 2-car garage. The property has a 4,631 square-foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same classification code as the subject. Three comparables have the same neighborhood code as the subject. The comparables are improved with two, 3-story and three, 2-story dwellings of frame, masonry or frame and masonry construction. The dwellings are from four to twenty-five years old and contain from 4,255 to 4,889 square feet of living area. The comparables have full

basements, with three comparables having finished areas. Four comparables have central air conditioning and 2-car garages, and a different grouping of four comparables have one or two fireplaces. The comparables have improvement assessments that range from \$121,140 to \$140,943 or from \$28.42 to \$31.63 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$138,978 or \$28.99 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$174,569 was disclosed. The subject property has an improvement assessment of \$153,267 or \$31.97 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties that have the same neighborhood and classification codes as the subject. The comparables are improved with one, 3-story and three, 2-story dwellings of masonry construction. The dwellings are from seven to nine years old and contain from 4,271 to 4,600 square feet of living area. The comparables have full basements, with three having finished areas; central air conditioning; and from one to three fireplaces. Three comparables have garages, either 3-car or 4-car. The comparable properties have improvement assessments that range from \$141,213 to \$153,594 or from \$33.06 to \$33.91 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties presented assessment data on a total of nine suggested comparables. The appellant's comparables received reduced weight in the Board's analysis for a variety of reasons: Comparables #3 and #4 are located in different neighborhoods; comparables #3 and #5 differ in story height; comparable #3 is much older; comparables #1 and #2 do not have finished basements; and comparable #2 does not have central air conditioning and a garage. Board of review comparables #3 and #4 also received less weight. Comparable #3 lacks central air conditioning and a garage, and comparable #4 is a 3-story dwelling, not 2-story like the subject. The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2. The Board finds these comparables are very similar to the subject in location, story height, masonry construction, age, living area and most features. Board of review comparables #1 and #2 have improvement assessments of \$146,016 and \$149,874 or \$33.91 and \$33.06 per square foot of living area, respectively. The subject's improvement assessment of \$153,267 or \$31.97 per square foot of living area is less than the improvement assessments on a per square foot basis of the two best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate

with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
