

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Raymond M. Kincaid
DOCKET NO.: 16-24303.001-R-1
PARCEL NO.: 02-18-414-016-0000

The parties of record before the Property Tax Appeal Board are Raymond M. Kincaid, the appellant, by attorney Ciarra J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,852
IMPR.: \$41,508
TOTAL: \$49,360

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame construction. The dwelling is approximately 32 years old and has 3,326 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 2-car garage. The property has a 13,657 square-foot site and is located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with 2-story dwellings of frame or frame and masonry construction. The dwellings are from 29 to 38 years old and contain from 3,323 to 3,369 square feet of living area. The comparables have full

or partial unfinished basements, central air conditioning, a fireplace each, and garages that range from 2-car to 3½-car. The comparables have improvement assessments that range from \$32,313 to \$38,142 or from \$9.61 to \$11.48 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$36,619 or \$11.01 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$49,360 was disclosed. The subject property has an improvement assessment of \$41,508 or \$12.48 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties that have the same neighborhood and classification codes as the subject. The comparables were described as being located on the same block or a quarter-mile from the subject property. The comparables are improved with 2-story dwellings of frame construction. The dwellings are from 28 to 32 years old, and each one has 3,323 square feet of living area. Each comparable has a full unfinished basement, central air conditioning, a fireplace and a 2-car garage. The comparable properties have improvement assessments that range from \$43,897 to \$48,573 or from \$13.21 to \$14.62 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of nine suggested comparables. The Board finds that all of the comparables submitted were very similar to the subject in location, story height, age, living area and most features and seven of the comparables have frame exterior construction like the subject. All of the comparables have improvement assessments that range from \$32,313 to \$48,573 or from \$9.61 to \$14.62 per square foot of living area. The subject's improvement assessment of \$41,508 or \$12.48 per square foot of living area falls within the range established by the comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant was not able to demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
