

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cindy Scheitlin
DOCKET NO.: 16-24339.001-R-1
PARCEL NO.: 01-27-402-011-0000

The parties of record before the Property Tax Appeal Board are Cindy Scheitlin, the appellant(s), by attorney Max E. Callahan, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,640
IMPR.: \$66,685
TOTAL: \$77,325

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a 33 year-old, two-story dwelling of masonry construction containing 4,521 square feet of living area. Features of the subject include a full unfinished basement, central air conditioning, three fireplaces and a three-car garage. The property has a 60,801 square foot site in South Barrington, Barrington Township, Cook County. The record does not disclose whether the subject was owner-occupied in the lien year. The subject is classified as a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a closing statement disclosing the subject property was purchased on April 27, 2018 for \$725,000. The subject's sale price reflects a market value of \$160.36 per square foot of

living area including land. The appellant also submitted a title commitment, a Trustee's Deed, a PTAX 203 Illinois Real Estate Transfer Declaration and the board of review's decision letter dated November 1, 2016. The appellant provided information in Section IV—Recent Sale Data of the Residential Appeal that the subject was not transferred between related parties; was sold by a realtor and was sold in settlement of a contract for deed. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when applying the 2016 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$77,325. The subject's assessment reflects a market value of \$773,250, or \$171.04 per square foot of living area, when applying the 2016 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four suggested comparable properties that sold from June 2013 through August 2015 for prices ranging from \$196.38 to \$293.14 per square foot of living area including land.

In rebuttal, the appellant waived hearing and reiterated the request for an assessment reduction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gives little weight to the subject's sale in April 2018. This sale was more than two years after the lien date. The appellant received the board of review's decision letter in November 2016 and filed the instant appeal on January 4, 2017. More than one year later, the subject was sold and became the basis of the appellant's request for an assessment reduction.

The Board finds the best evidence of market value in the record to be sales comparables #1, #2, #3 and #4 submitted by the board of review. These comparables were similar with the subject in location, style, construction, features, age, living area and land area. These properties also sold proximately in time to the assessment date at issue. The comparables sold for prices ranging from \$196.38 to \$293.14 per square foot of living area, including land. The subject's assessment reflects a market value of \$171.04 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. The Board gave little weight to the subject's sale because it did not occur proximately in time to the assessment date at issue.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
