

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Raymond M. Kincaid  
DOCKET NO.: 16-24701.001-R-1  
PARCEL NO.: 02-18-303-060-0000

The parties of record before the Property Tax Appeal Board are Raymond M. Kincaid, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,105  
**IMPR.:** \$18,756  
**TOTAL:** \$21,861

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame exterior construction with 1,014 square feet of living area. The dwelling is approximately 37 years old. Features of the home include a concrete slab foundation, central air conditioning and a 2-car garage. The property has a 5,400 square foot site and is located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and contention of law as the bases of the appeal. In support of the inequity argument the appellant submitted information on five equity comparables with the same classification code as the subject property. Two of the comparables have different neighborhood codes than the subject property. The comparables are improved with one, 1.5-story and four, 1-story dwellings of frame or frame and masonry exterior construction that range

in age from 37 to 82 years old. The comparables have 1-car or 2-car garages. Three of the comparable have partial or full basements, one of which has finished area. Two of the homes have central air conditioning. The dwellings range in size from 1,013 to 1,145 square feet of living area and have improvement assessments ranging from \$13,683 to \$19,180 or from \$13.41 to \$16.75 per square foot of living area.

The appellant's attorney also submitted a brief requesting "the 2016 assessment on the subject be revised to reflect a building assessed value of \$15.14 per square foot (median of the comparables cited) which indicates a revised assessment of \$18,456." Based on this evidence, the appellant requested the subject's 2016 improvement assessment be reduced to \$15,351 or \$15.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,861. The subject property has an improvement assessment of \$18,756 or \$18.50 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same neighborhood and classification codes as the subject property. The homes were described as being located on the same block as the subject property. The comparables are improved with 1-story dwellings of frame exterior construction that are 37 or 39 years old. The comparables have partial or full finished basements and 2-car garages. One of the homes has central air conditioning. The dwellings each contain 1,172 square feet of living area and have improvement assessments ranging from \$21,720 to \$22,150 or from \$18.53 to \$18.90 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of eight suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #2 due to their distant location and older ages when compared to the subject property. The Board finds the appellant's comparables #3 through #5 and the board of review comparables are more similar when compared to the subject in location, age, dwelling size, design and most features. These comparables have improvement assessments ranging from \$17,233 to \$22,150 or from \$15.14 to \$18.90 per square foot of living area. The subject's improvement assessment of \$18,756 or \$18.50 per square foot of living area falls within the range established by the best comparables contained in this record.

The Board finds the appellant's contention of law argument was not supported with legal citation and was more in the nature of an argument as to how to consider the equity data through application of the median of the comparables presented. As set forth above, the Board has weighed the equity data and gives little weight to counsel's median data argument.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
