

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Demange
DOCKET NO.: 16-24845.001-R-1
PARCEL NO.: 02-09-119-003-0000

The parties of record before the Property Tax Appeal Board are Mark Demange, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,950
IMPR.: \$53,275
TOTAL: \$58,225

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,617 square feet of living area. The dwelling is approximately 22 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a 2-car garage. The property has a 9,000 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and contention of law as the bases of the appeal. In support of the inequity argument the appellant submitted information on five equity comparables with the same neighborhood and classification codes as the subject property. The comparables are improved with 2-story dwellings of frame or frame and masonry exterior construction that range in age from 42 to 47 years old. The dwellings have partial or full unfinished basements,

central air conditioning, one or two fireplaces and 2-car to 3-car garages. The dwellings range in size from 3,502 to 3,624 square feet of living area and have improvement assessments ranging from \$42,905 to \$47,728 or from \$12.25 to \$13.17 per square foot of living area.

The appellant's attorney also submitted a brief requesting "the 2016 assessment on the subject be revised to reflect a building assessed value of \$12.78 per square foot (median of the comparables cited) which indicates a revised assessment of \$51,175." Based on this evidence, the appellant requested the subject's 2016 improvement assessment be reduced to \$46,225 or \$12.78 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$58,225. The subject property has an improvement assessment of \$53,275 or \$14.73 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same neighborhood and classification codes as the subject property. The comparables were described as being located on the same tax block as the subject property. The comparables are improved with 2-story dwellings of masonry exterior construction that range in age from 13 to 18 years old. The dwellings have full unfinished basements, central air conditioning, one or two fireplaces and 2.5-car or 3-car garages. The dwellings range in size from 3,062 to 3,578 square feet of living area and have improvement assessments ranging from \$47,246 to \$52,776 or \$14.75 and \$15.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of eight suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their significantly older ages when compared to the subject property. Less weight was also given to board of review's comparable #1 due to its smaller dwelling size when compared to the subject property. The Board finds the two remaining board of review comparables are more similar when compared to the subject in location, age, dwelling size, design and most features. These comparables both have an improvement assessment of \$14.75 per square foot of living area. The subject's improvement assessment of \$14.73 per square foot of living area falls slightly below the best comparables established in this record.

The Board finds the appellant's contention of law argument was not supported with legal citation and was more in the nature of an argument as to how to consider the equity data through

application of the median of the comparables presented. As set forth above, the Board has weighed the equity data and gives little weight to counsel's median data argument.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
