

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Manus Arthur  
DOCKET NO.: 16-24902.001-R-1  
PARCEL NO.: 05-32-200-152-0000

The parties of record before the Property Tax Appeal Board are Manus Arthur, the appellant, by attorney Scott L. David, of Much Shelist in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,192  
**IMPR.:** \$53,103  
**TOTAL:** \$63,295

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,929 square feet of living area. The dwelling is approximately 52 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a 2-car garage. The property has a 9,707 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

When completing Section 2d of the appeal form, the appellant indicated that the appeal was based on a recent appraisal. However, the appellant submitted equity evidence instead of an appraisal. As a result, the Board will consider assessment inequity to be the basis of this appeal.

In support of this argument the appellant submitted information on three equity comparables with the same neighborhood and classification codes as the subject property. The comparables

are improved with 2-story dwellings of frame and masonry exterior construction that are 51 or 52 years old. Two comparables have partial unfinished basements. Comparable #2 does not have a basement. All homes have central air conditioning and 2-car or 2.5-car garages. Two of the comparables have one fireplace. The dwellings range in size from 2,619 to 2,928 square feet of living area and have improvement assessments ranging from \$38,926 to \$44,703 or from \$13.61 to \$16.39 per square foot of living area. The appellant requested the improvement assessment be reduced to \$39,808 or \$13.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,295. The subject property has an improvement assessment of \$53,103 or \$18.13 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same neighborhood and classification codes as the subject property. The comparables are improved with 2-story dwellings of frame and masonry exterior construction that range in age from 51 to 58 years old. The comparables have partial or full unfinished basements, central air conditioning, one fireplace and 2-car garages. The dwellings range in size from 2,948 to 3,150 square feet of living area and have improvement assessments ranging from \$54,096 to \$64,982 or from \$18.16 to \$20.63 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of seven suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #2 due to its dissimilar foundation when compared to the subject property. Less weight was also given to the appellant's comparables #1 and #3 and the board of review's comparable #1 due to their partial unfinished basements when compared to the subject's full unfinished basement. The Board finds the three remaining board of review comparables are more similar when compared to the subject in location, age, dwelling size, design and other features. These comparables have improvement assessments ranging from \$18.16 to \$20.63 per square foot of living area. The subject's improvement assessment of \$18.13 per square foot of living area falls slightly below the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
