

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Efi Andrianopoulos  
DOCKET NO.: 16-25062.001-R-1  
PARCEL NO.: 14-05-208-037-0000

The parties of record before the Property Tax Appeal Board are Efi Andrianopoulos, the appellant(s), by attorney Ellen G. Berkshire, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$17,200  
**IMPR.:** \$39,505  
**TOTAL:** \$56,705

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 4,300 square foot parcel of land improved with a 107-year old, two-story, masonry, mixed-use building containing 5,104 square feet of building area. The property is located in Lake View Township, Cook County and is a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and inequity as the bases of the appeal. In support of the market value argument, the appellant submitted three sales comparables. These comparables are described as two-story, mixed-use buildings located within one and one-half miles of the subject. They range in age from 95 to 124 years and in size from 5,371 to 5,703 square feet of building area. The properties sold from July to October 2013 for prices ranging from \$104.55 to \$111.71 per square foot of building area. In support of the equity argument, the appellant submitted four comparables. These comparables are described as two or three-story, frame or masonry, mixed-

use buildings. They range in age: in age from 84 to 124 years; in size from 5,060 to 5,471 square feet of building area; and in assessment from \$3.61 to \$6.20 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment is \$56,705 with an improvement assessment of \$39,505 or \$7.74 per square feet of building area. This assessment reflects a market value of \$567,050 or \$111.10 per square foot of building area when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of the assessment the board of review submitted four sales comparables located within the subject's neighborhood. These properties are described as two or three-story, masonry, mixed-use buildings. They range in age from 89 to 111 and in size from 4,194 to 6,654 square foot of building area. They sold from February 2013 to April 2015 for prices ranging from \$77.96 to \$202.89 per square foot of building area.

The board also submitted four equity comparables with sales information on one property. The properties are described as two or three-story, mixed-use buildings. They range: in age from 78 to 110 years; in size from 4,736 to 5,598 square feet of building area; and in improvement assessment from \$8.23 to \$10.67 per square foot of living area.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's comparables. These comparables are the most similar to the subject. They sold from July to October 2013 for prices ranging from \$104.55 to \$111.71 per square foot of building area. The subject's assessment reflects a market value of \$111.10 per square foot of building area which is within the range of the best comparables in the record. Based on the record and after adjustments to the comparables for differences in location and other pertinent factors, the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued, and a reduction is not justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4 and the board of review's comparables #1, #2, and #3. These comparables had improvement assessments ranging from \$3.99 to \$10.67 per square foot of building area. The subject's improvement assessment of \$7.74 per square foot of building area is within the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
