

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vikas Upadhyay
DOCKET NO.: 16-25070.001-R-1
PARCEL NO.: 02-07-202-003-0000

The parties of record before the Property Tax Appeal Board are Vikas Upadhyay, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,937
IMPR.: \$44,694
TOTAL: \$51,631

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,865 square feet of living area. The dwelling is approximately 30 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a three-car garage. The property has a 39,640 square foot site and is located in Inverness, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,911 to 3,169 square feet of living area. The comparables

range in age from 40 to 48 years old. Two comparables have central air conditioning and two comparables have a fireplace. The comparables have a two-car or 2.5-car garage. The comparables have improvement assessments ranging from \$41,100 to \$43,621 or from \$13.76 to \$14.12 square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$39,766 or \$13.88 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,631. The subject property has an improvement assessment of \$44,694 or \$15.60 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables which are located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,949 to 2,997 square feet of living area. The comparables range in age from 31 to 37 years old. The comparables have a partial or full unfinished basement, one or two fireplaces, and a two-car or three-car garage. Two comparables have central air conditioning. The comparables have improvement assessments ranging from \$46,594 to \$47,636 or from \$15.67 to \$15.98 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. These comparables are similar in location, dwelling size, design, exterior construction, and features when compared to the subject property. These comparables had improvement assessments that ranged from \$41,100 to \$47,636 or from \$13.76 to \$15.98 per square foot of living area. The subject's improvement assessment of \$44,694 or \$15.60 per square foot of living area falls within the range established by the comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
