

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edith Samet
DOCKET NO.: 16-25075.001-R-1
PARCEL NO.: 02-08-310-003-0000

The parties of record before the Property Tax Appeal Board are Edith Samet, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,908
IMPR.: \$51,005
TOTAL: \$63,913

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 3,385 square feet of living area. The dwelling is approximately 32 years old. Features of the home include a full finished basement, central air conditioning, two fireplaces, and a three-car garage. The property has a 73,760 square foot site and is located in Inverness, Palatine Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with dwellings with the same property classification code that range in size from 3,309 to 3,845 square feet of living area. The comparables range in age from 39 to

49 years old. One comparable has a full unfinished basement while two have partial finished basements. Each comparable has central air conditioning, a fireplace, and a 2.5-car or three-car garage. The comparables have improvement assessments ranging from \$41,617 to \$52,678 or from \$10.84 to \$13.78 per square foot of living area. Based on this evidence, the appellant requested the improvement assessment be reduced to \$43,260 or \$12.78 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,913. The subject property has an improvement assessment of \$51,005 or \$15.07 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same location code as the subject property. The comparables are improved with one-story or 1.5-story dwellings of frame or frame and masonry exterior construction that range in size from 2,680 to 3,704 square feet of living area. The comparables range in age from 29 to 38 years old. One comparable has a full unfinished basement, one comparable has a full basement with a finished area and one comparable has a partial finished basement. The comparables have central air conditioning, one to three fireplaces and a two-car or three-car garage. The comparables have improvement assessments ranging from \$45,544 to \$60,801 or from \$16.22 to \$16.99 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gives less weight to appellant's comparable #3 due to its older age when compared to the subject. The Board gives less weight to the board of review comparable #3 due to its one-story design and frame construction. The four remaining comparables are relatively similar to the subject but would require upward adjustments due to frame construction and/or differences in basement size and basement finish. These four comparables have improvement assessments that range from \$41,617 to \$60,801 or from \$10.84 to \$16.99 per square foot of living area. The subject's improvement assessment of \$51,005 or \$15.07 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
